

RE Day February 2026

In Reception the children talked about a variety of Holy Books. How they have to be treated with respect and the importance of them in people's lives. We looked at the books and discussed how the writing in them is different to the writing we see in the bible. We talked about special stories and recalled the Christmas story. We then read a story from the Bible called 'The Lost Sheep'.

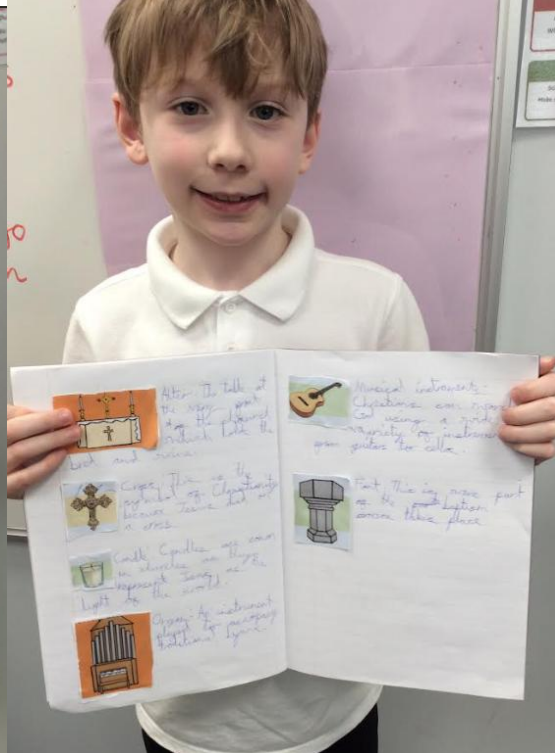

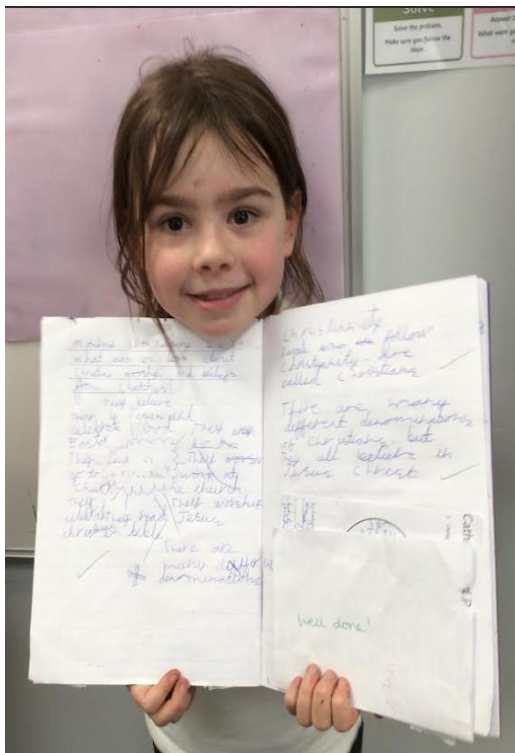

In year 1 the children learned about why Jesus is special to Christians and why people are important to us. They wrote about what they think Jesus might look like and made friendship flowers.

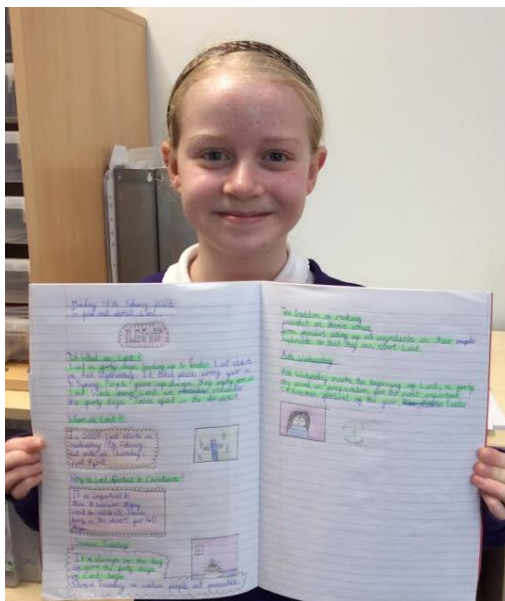

In year 2 they learned about why the Bible is special to Christians. How to be a good person, books of the bible and the story of Mary Jones.

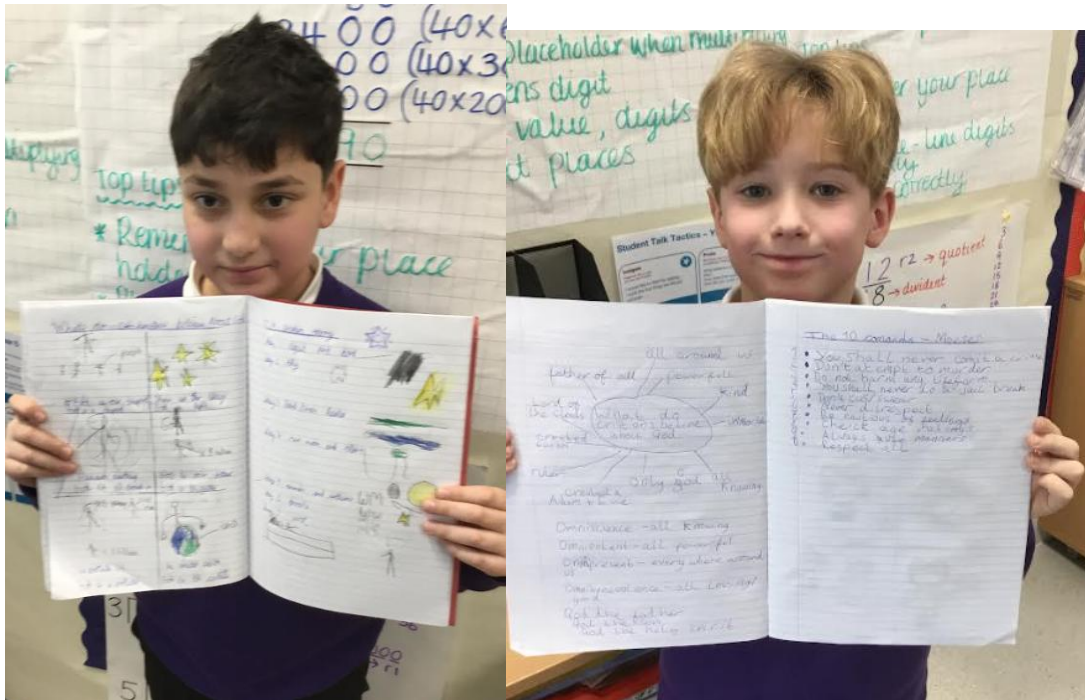

In year 3 the children learned about the characteristics of Christian worship. They then created their own designs of stain glass windows.

[illegible]

In year 5 the children learned what Christians believe about God. They then discussed, wrote and drew what it is believed that God created.

In year 6 they were looking at how and why different religions care about the environment. They looked at the creation of Earth (from the perspective of different religions) and then discussed how each religion is taught to view and care for the environment. They also produced environmental posters to showcase their ideas.
