- Year groups will be placed and taught in ‘year group bubbles’.
- Learners will be taught in zoned areas for the majority of their subjects. For some subjects such as; PE and ICT learners will be guided to specialist teaching spaces.
- Learners will be provided with all equipment they require except a scientific calculator which we are unable to supply.
- Where movement is required, senior leaders and pastoral staff will oversee this.

Arrangements continued...

- Coaching groups have been disbanded to meet the government's guidelines on reduced movement.
- Teaching groups have been regrouped to ensure learners are with at one friend identified by their primary school, wherever possible.
- Class Teachers will set seating plans in accordance with their planning. Learners should not plan their own seating arrangements.
- As a result learners will be in these groups for 27/30 sessions per week.
