Kepier

Parent/Carer Newsletter

Welcome to the Kepier parent newsletter. This will provide you with updates around various themes in school. This week's newsletter focus is on remote learning. The newsletter will provide you with updates to our remote learning systems, guide you to information that will support, and answer some common questions that have arisen.

Accessing and the work

If a learner needs structure to their day we would encourage them to follow their normal school timetable and an easy way to do this is via their google classroom.

If you are unsure of how to do this take a look at Mr Kilkenny's video.

<https://kepier.com/video-update-january-2021/>

If they have any problems accessing the work please email their class teacher and they will respond and support.

We have two video updates being released next week on remote learning structures and self-regulation.

Completing all the work

Learners who are unable to complete all work set for that subject will not be awarded negatives.

We would encourage the learners to complete their 'my weekly tracker' so they can keep track of where they get to each lesson and where they can pick up from.

If you are concerned about your child missing key information they may need, please do contact their class teacher and they will be able to support on which tasks/sections to complete.

If you have any questions, queries or do need any support there are a number of ways to make contact:

- The Year Manager
- The Subject Teacher
- The Department Leader
- Info@kepier.com

We're here to help!

Awarding Points on Class charts

Every week a learner will receive a point on class charts for each subject to identify engagement or no engagement with their work. They will only receive one negative per subject not per piece of work.

These points will only be awarded on a Monday.

ClassCharts

At Kepier we understand it is not always easy to work from home, and learners will be working at a different pace. Points are awarded for engagement and effort. If a learner attempts the work they will receive a positive point.

Completed 'some' or 'All' COVID-19 Remote learning

Failed to complete COVID-19 Remote learning

Learners can receive other positive points from their teachers at any point throughout the week.

LIVE DROP IN SESSIONS

KEY STAGE 3 – Live drop in sessions are available for English, Maths and Science. If you would like to access these, please email the class teacher and they will provide you with the dates and times.

KEY STAGE 4 – All subjects have live drop in sessions available. The timetables are on the remote learning section of the website and shared with learners every morning during coaching.

WELLBEING DROP IN SESSIONS

KEY STAGE 3 – Everyday 2.45pm – 3.15pm can be accessed through the google classroom 'Key stage 3 Live Wellbeing Drop In'

KEY STAGE 4 – Available throughout the day at scheduled times on the live timetable for their year group
