

Kepier School

Public Consultation Leaflet

We know how important it is for children to attend their local secondary school and to feel part of their community, thriving in a familiar environment. At Kepier, we're proud to be a school where demand for places continues to grow, and while we are currently oversubscribed, we remain committed to ensuring that learners can access our school as part of their educational journey.

To meet this growing need and continue serving our community, we are working with Gradon Architecture on an exciting extension project, due to open in September 2027.

The works include a number of building extensions (in a similar style to the existing), additional on site parking and enhanced landscaping.

This consultation is your opportunity to share your views and help shape the future of our school. Together, we can continue building an inclusive, and ambitious environment for every learner to achieve their full academic potential.

PROPOSAL

The proposed works include:

1. A three-storey extension with new classrooms, offices, and toilets.
2. Reconfiguration of internal spaces to enhance teaching and learning experiences.
3. A single-storey extension to the P.E. Block for additional specialist music and performing arts teaching facilities.
4. A covered outdoor dining area and landscaped area for learners to enjoy.

Please scan the QR code to fill in a digital survey, or send any comments or queries to enquiries@gradonarchitecture.com

We respectfully request comments to be submitted before:
Friday 17th October
