Head of School . Mrs G Mckinnon

Sadia Soni - Parent Governor

I am currently a governor at 2 schools. Bosworth Academy and Kingsway Primary School. I started the role during Covid. Both schools have helped my kids a lot and I wanted to have a positive role in these schools.

My main area of expertise is medical and care. I run my own care homes in which I carry out all the mandatory and statutory training required by staff in the healthcare profession.

In my spare time I run the Braunstone library coffee morning. This group helps bring the community together.

I also enjoy getting involved in events we run in Braunstone town.

Currently I am involved in opening the new community fridge project for people who may be struggling financially or emotionally.
