Part A: Pupil premium strategy plan

Statement of intent

At Kingsway Primary School we aim to provide nurturing and rich learning experiences that allow every pupil to master new skills, develop interests and achieve their full potential. At the heart of this are our School core values, which are: Kindness, Integrity, Never give up, Go above and beyond, Self motivated, Welcoming, Accountable and Your voice is important.

At Kingsway these values are central to everything we do. Our Curriculum extends opportunity, raises aspiration, opens children's eyes to the world beyond their immediate environment which enables our children to live happy, healthy and productive lives and inspires children to learn more. We are committed to working with our community and provide opportunities for children to use their voices for change through the development of social action and listening campaigns.

The objective of the Pupil Premium strategy at Kingsway Primary School is to narrow any attainment gap between those pupils categorised as disadvantaged and the school population as a whole. We aim to ensure that these children are able to make progress that is in line with their peers and, where possible, accelerated in order to reduce any attainment gap.

We recognise that disadvantaged pupils can face a wide range of barriers, which may affect their learning as well as cultural capital. Ultimately, we aim to:

- Remove barriers to learning created by poverty, family circumstance and background
- Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts, both within school and nationally
- Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum
- For all Disadvantaged pupils to meet and/or exceed age-related expectations at the end of key stage two, Year 6
- Develop confidence in their ability to communicate effectively in a wide range of contexts through developed speaking and listening skills (Oracy)
- Enable pupils to look after their social and emotional wellbeing and to develop resilience
- Enable pupils to access a wide range of opportunities to develop their knowledge and understanding of the world

In order to achieve our objectives, we will:

- Provide all teachers with high quality CPD to ensure that all pupils access high quality teaching and resources
- Provide, targeted intervention and support to quickly address identified gaps in learning including the use of small group work, 1:1 tuition
- Use DIPT (direct instruction precision teaching) to quickly address identified gaps in learning
- Use targeted reading intervention including phonics and reading coaching to identify gaps and build reading confidence
- Target funding to ensure that all pupils have access to trips, residential, first hand learning experiences and access to cultural events
- Provide opportunities for all pupils to participate in enrichment activities including sport and music
- Provide appropriate mental health and wellbeing support (including ELSA and access to counselling) to enable pupils to access learning within and beyond the classroom

This is not an exhaustive list and the strategies will change and develop based on the needs of individuals.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussion with pupils indicate under-developed communication, oral language skills and vocabulary gaps among many disadvantaged pupils.
2	Low attendance (including punctuality) - Pupil Premium attendance was 91.17% Overall School 94.08 National 95% To improve attendance to be 96% or better.
3	Ensure all children have access to extracurricular activities to increase opportunity to access a broader range of opportunities and develop cultural capital. Ensure disadvantaged pupils are given further opportunities for school ambassador roles. New Eco Ambassadors to be set up in Autumn 2.

4	Assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils. There has been an increase in children requiring additional support with social and emotional needs through ELSA and school based counselling.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Through the development of Oracy skills all pupils are confident communicators who are able to speak knowledgeably about their learning.	An increase in willingness to demonstrate these skills will be evident through pupil voice/interviews and learning walks. Speaking and listening in lessons will reflect key knowledge and vocabulary. At least 20% of children spoken to will be PP.
2. All pupils have 96% attendance or better.	All identified pupils with lower than 96% attendance will have made an improvement in their attendance and therefore be missing fewer lessons.
3. All pupils will have access to a range of extracurricular activities including sports, music and trips that may otherwise be restricted.	An increase in participation in extracurricular activities, particularly among disadvantaged pupils. Increased number of PP children will attend the Year 6 residential to Beaumanor.
4. To achieve and sustain improved wellbeing for all pupils in our school.	Sustained high levels of wellbeing demonstrated by student and parent voice/surveys and teacher observations. Parental/carer engagement for parent/carer evening to be at least 90%
5. Quality first teaching is consistently delivered, in all subjects to a high standard.	Progress is at least good in all subjects across the primary curriculum and a positive progress score at the end of KS2. Attainment data is at least as good as national.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

March Review:

All staff have been given high quality CPD on a new Phonics Scheme- Essential Letters and Sounds (ELS), Accelerated Reader and Oracy. All Pupil premium children have been prioritised for additional phonics and reading sessions. All pupil premium children have been given priority over chromebooks to ensure they can easily access accelerated reader quizzes in school and complete their homework.

The ELSA support assistant has worked with 2 pupil premium children this year. This is a reduction from 8 children the previous year. Baseline assessments, observations and discussions with pupils and families have identified that social and emotional issues have successfully improved and there are less children needing additional support.

End of year review:

All Pupil premium children in Foundation stage visited Brooksby farm.

All pupil premium children in years 1 and 2 visited Newarke Toy Museum.

All pupil premium children in years 5 and 6 took part in the Victorian day experience.

All pupil premium children in year 6 attended the Warning zone trip.

92% of all Pupil Premium children attended the Christmas Pantomime.

80% of Pupil Premium children in years 5 and 6 visited Harry Potter World.

26% of the children who took part in Young Voices were Pupil Premium.

37% of Pupil children in year 6 went to the Beaumanor residential.

21% of Ambassadors (KS2) are Pupil Premium.

End of year data shows that our Pupil Premium children have made good progress.

The additional reading sessions to target disadvantaged pupils in Year 3 & Year 4 also shows good progress.
