Head of School . Mrs G Mckinnon

Alex Scoppie - Parent Governor

I am the parent of a child at Kingsway Primary School and we live within 200 metres of the school itself, giving me a close connection. Although this is my first appointment as a school governor, I have several years experience in volunteering and have worked in the education sector prior to this.

I have also worked for a local authority, a local university, the Prison Service, an international hotel chain and a private marketing and PR agency. I am currently employed by a national military charity, based within two miles of the school. I've lived in Leicestershire most of my life, and in Braunstone Town since 2018.
