Friday 13 March 2020

Dear Parent/Carer

As you know we are already taking a number of measures to keep the school clean to help prevent the spread of any virus.

We are continuously following advice from Public Health England and are given updates daily on any changes that may be happening. The current advice is that any child or member of staff who is experiencing any symptoms such as a high temperature or persistent cough (however mild) should self-isolate for at least 7 days.

We would encourage parents to ring 111 for advice and let the school know as soon as possible the outcome of the call.

We would also appreciate it if you could advise the school at the earliest opportunity if you are aware of any contact with someone who has a suspected confirmed case of the COVID-19 virus.

It is possible that in the near future a decision may be made to close the school. To prepare for this we will be giving out a list of accessible online learning for the children to access at home on Monday 16th March 2020. This will also be available on the school website.

We will keep parents informed of any significant changes via letters home and the school website. We may also use our text messaging service. If you have recently changed your mobile number, please inform the school office as soon as possible.

Yours sincerely

M Lauder
Head Teacher
