School Closure Information

Dear Parents / Carers

The government has issued clear advice over the weekend for us all to keep our children at home wherever possible. Whilst we remain open for vulnerable children and to children with parents classed as key workers, the advice still remains. The safest place for everyone is at home. If you have someone who can look after your child/ren in the home, who are not elderly or considered vulnerable adults themselves, then please keep them off school.

Once again, should you have any questions or queries or need support in these challenging times, please do not hesitate to contact us.

Stay safe. Stay well.

Michelle Lauder
Head Teacher
