During the year pupils will be taught to:

- Develop an understanding of **working practices** with in the media industry and thereby help them make progress as **self-starting media practitioners**.
- Research, develop and create a range of digital products in response to a brief supplied by the exam board

Why do students study this:

- Creative iMedia should provide a **practical and vocational** pathway for students regardless of ability or prior attainment.
- Creative iMedia should provide **industry-standard practices** in the research, planning, creation and review of projects.

Assessment Dates - Can be found on the School Website
Assessment topics - A topic list to support revision can be found on the School Website
