

RISK ASSESSMENT Coronavirus (Covid 19)

ACTIVITY: Coronavirus (COVID-19) Spread and Government Advice (REVISION 2) – 19/05/2020 (Page 1 of 30)		DATE OF ASSESSMENT 22.05.20 Reviewed 14.07.2020 for return in September Reviewed 24.11.2020 Reviewed 04.01.2021 Reviewed 26.02.2021
ESTABLISHMENT/SCHOOL Monkton Academy	SECTION/TEAM All	
WHO MIGHT BE HARMED? Employees, pupils, trainees, students and visitors		HOW MANY ARE AFFECTED? All staff and pupils (200+)
<p>Steps of admitting more pupils (school has been open to between 8 - 10 pupils each day during lockdown) This document has been produced in conjunction with all Government guidance All risk has been assessed to minimise the spread of the virus as far as possible The risk assessment cannot guarantee safety of pupils and staff but if followed will mitigate risk as far as possible It is staff members' responsibility read and understand this document and implement the measures described It is staff member's responsibility to ensure that pupils adhere to all social distancing (SD) measures</p> <pre> graph LR A[Determine capacity of school building] --> B[Determine Staff available to work on-site] B --> C[Liaise with parents regarding intention to return pupils to school] C --> D[Undertake & review RAs & develop action plan] D --> E[Share re-opening plans with Governing Body and staff] E --> F[Make necessary adaptations to site] F --> G[Complete identified actions] G --> H[Inform parents of re-opening plans & expectations] </pre>		
<p>This Risk Assessment sets out the decisions taken and measures put in place to prepare for the phased re-opening of the school and ensure the school continues to operate in a safe way. Existing policies and guidance continue to apply alongside the actions within this document, including but not limited to:</p> <ul style="list-style-type: none"> • Health and Safety Policy • First Aid Policy • Child Protection Policy • CYP Response Plan • DFE Guidance relating to COVID19 • The Health and Safety at Work etc. Act 1974 		

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

ACTIVITY: Coronavirus (COVID-19) Spread and Government Advice (Page 2 of 30)				DATE OF ASSESSMENT
HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	If in place	IF 'STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
<ul style="list-style-type: none"> • Management of Health and Safety at Work Regulations 1999 • Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 • First Aid Regulations 1981 • The Health Protection (Notification) Regulations 2010 • Public Health England (PHE) (2017) 'Health protection in schools and other childcare facilities' 				
Premises and equipment, water, etc. not maintained to statutory requirements:	Premises and utilities have been health and safety checked and building is compliant <ul style="list-style-type: none"> • Water treatments • Fire alarm testing • Repairs • PAT testing • Fridges and freezers • Boiler/ heating servicing • Internet services • Any other statutory inspections • Insurance covers reopening arrangements • Fire Risk Assessment and evacuation procedures reviewed and disseminated to all staff. 	Yes	<ul style="list-style-type: none"> • Site Supervisor (SS) has continued with daily and weekly checks around school in line with his job description. • All external inspections have taken place as arranged. • All repairs have been undertaken via STC Asset Management Dept. • All PAT Testing conducted prior to Covid lockdown. • Insurance arranged via DfE. • Fridges and microwave ovens currently available to staff to be thoroughly cleaned at the end of each day by SS. • Internet and computing facilities remain the responsibility of current provider - ICT in Schools. • All current school RA reviewed. • Covid 19 Policy shared with staff. • Appendix to current Behaviour Policy implemented. Behaviour expectations explained to parents. Regular updates on school website, App and social media links. • There may be incidents in school where social distancing is not safe to do so (e.g. in case of fire). Where possible SD will be 	L

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

			<ul style="list-style-type: none"> ○ Fire evacuation point to remain as school yard. 	
	<p>A 'BUILDING RA COVID' assessment has been completed for the general running of the building.</p> <p>NB: TWFRS who has confirmed that wedging doors open is not best practice, however due to the COVID-19 crisis wedging classroom doors can be done, but cross corridor doors and doors leading on to a fire escape or stairway must remain in the closed position at all times</p> <p>Any door wedged open must have the wedge removed when the class is vacant even for the shortest period and the school must risk assess this.</p> <p>As for installing barriers in front of doors this is not acceptable under any circumstance, should an area need to be segregated then the use of signage and Fire Exit Door Security Seals should be used which would snap if the door is forced open allowing anyone emergency egress if necessary.</p>		<ul style="list-style-type: none"> ● New internal layouts and access points agreed. ● Staff entrance – reception. ● Children are now in year group pods. ● Different pods enter and exit school at different points and times (see plan) ● Classroom and office doors to be wedged open during use but left closed when vacated. ● All internal and external fire doors to remain closed as per normal building practice. ● External hall doors to remain closed ● All fire escapes routes to be kept clear at all times, as per normal building practice. 	L

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

ACTIVITY: Coronavirus (COVID-19) Spread and Government Advice (Page 5 of 30) **DATE OF ASSESSMENT**

HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	If in place	IF 'STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
Risk of coronavirus infection spreading to children and staff due to inadequate infection control procedure	<p>Lead/Head teacher to regularly check the latest government advice for schools and to ensure the advice is shared and followed. See links for latest advice - Actions for education & childcare settings to prepare for wider opening from 1 June 2020.</p> <p>Teachers share key information about hygiene daily. LHT, DHT and HOS to remind children at the start of the day. Resources are 'Catch it, Bin it, Kill it' poster and handwashing video and e-Bug resources to teach pupils about hygiene – information posters are displayed around the school and every classroom.</p> <p>Pupils, students, staff and visitors should wash their hands:</p> <ul style="list-style-type: none"> ● before leaving home ● on arrival at school ● after using the toilet ● after breaks and sporting activities ● before food preparation ● before eating any food, including snacks ● before leaving school ● Soap and water is more effective than using sanitisers ● Minimise contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges ● follow the COVID-19: cleaning of non-healthcare settings guidance ● ensure that sufficient handwashing facilities are available. Where a sink is not nearby, provide hand sanitiser in classrooms and other learning environments ● clean surfaces that children and young people are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters, more regularly than normal 	Yes	<ul style="list-style-type: none"> ● Updates from DFE read by HT. Updates and action as necessary. Info shared with wider school population as necessary. ● All government guidelines have been taken into account when assessing the school for risk and for agreeing new building layout. ● Key hygiene information located around school. Prevent and symptoms information shared with pupils at the start of each day. Info shared on social media so all school population is aware of measures taken. ● HT to share photographs of school on social media. This will show school population the measures we have taken to allow more pupils to attend school. This will also be used by parents to prepare pupils for the changes they will see when attending. ● Letter to parents - asking them to share good practice with pupils at home and to encourage the continuation of this behaviour at school. ● Cleaner routines to change so that toilet areas are cleaned more often. Classrooms to be wiped down at lunchtime in addition to normal requirements (see additional cleaning routines). 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

--	---------------------------	-------------	--	---

			<p>Cleaning Information:</p> <ul style="list-style-type: none"> See additional cleaning plan for specifics and person(s) responsible. Staff member to wipe down all tables and chairs at the end of the morning session with appropriate solution Cleaner to pay particular attention to telephones, copier machines, door handles and doors and keyboards. After each use of school equipment, staff members are expected to wipe the item clean (e.g. photocopier, keyboard, telephone, etc). Non-classroom members of staff to wipe down their own work area, including chair, telephone, keyboard, at the end of each work shift. These areas will be cleaned by the cleaner but this is an additional cleaning measure. Cleaner will be given a uniform to wear during working hours and then taken home in wash bag. SS will be supervising all cleaning in the school. Cleaners will still come in at the end of the day as usual and additional lunchtimes. SS will ensure all cleaning in school will be at the highest level.

			<ul style="list-style-type: none"> All classroom pods will have a hand sanitiser station. All pupils and staff members have access to soap and water - either in classroom bubble or in the toilet areas. Cleaning equipment - stock take conducted on a daily basis to ensure good stocks of everything needed in school to ensure good hygiene measures. All pupils issued with their own stationery wallet - items and bag to be cleaned by pupils at the end of each day. All classes/ year groups to be issued with box of PE/sporting equipment for outdoor use - items and box to be cleaned at the end of the day by pupils. All pupils' work will be stored in school exercise books. Marking is permitted and books allowed home if necessary. Teacher to reinforce cleaning and hygiene messages during the day. Teachers to supervisor hand washing and hand sanitising. All classroom pods and work areas - windows to be open during room use. Use of toilets - pupils will be supervised by classroom staff. Classroom staff to ensure no crowding of toilet areas and SD measures are maintained at all times. All pupils to ensure they wear clean recently washed clothes each day. 	
--	--	--	--	--

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

Child/Adult is unwell and it is believed that they have been exposed to COVID-19.	<p>If anyone develops coronavirus (COVID-19) symptoms of coronavirus in an education setting they must be sent home and advised to follow the staying at home guidance.</p> <ul style="list-style-type: none"> • If a child is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the child and with appropriate adult supervision if required. • Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. • If they need to go to the bathroom while waiting to be collected, they should use a separate bathroom if possible. The bathroom should be cleaned and disinfected using standard cleaning products before being used by anyone else. • PPE should be worn by staff caring for the child while they await collection if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs). • In an emergency, call 999 if they are seriously ill or injured or their life is at risk. Do not visit the GP, pharmacy, urgent care • If a member of staff has helped someone who was taken unwell with symptoms of coronavirus, they do not need to go home unless they develop symptoms themselves. They should wash their hands thoroughly for 20 seconds after any contact with someone who is unwell. Cleaning the area with normal household disinfectant after someone with symptoms has left will reduce the risk of passing the infection on to other people. You can find guidance on cleaning in non-healthcare settings. <p>guidance-to-educational-settings-about-covid-19</p>	Yes	<ul style="list-style-type: none"> • Symptom advice shared on social media. "Do not attend ..." poster shared with parents. • First aid /sick bay established in school office. Isolation area located in area is the library. • Named first aider on site at all times when pupils are present (5 1st Aiders in total). No first aid to be administered unless this is by a trained first aider. • PPE available for use by all staff and pupils. Advice shared to staff about how to use the equipment safely. • Staff and pupils can wear face coverings if they feel this is necessary but is only compulsory when on transport and for staff giving first aid. • Staff and pupils wearing face covering are advised to: <ul style="list-style-type: none"> ○ Wash hands thoroughly with soap and water for 20 seconds or use hand sanitiser before putting face covering on and after removing it. ○ Avoid touching face or face covering as you could contaminate them with germs from hands. ○ Change face covering if it becomes damp or you have been touching it. ○ Continue to wash hands regularly. ○ Change and wash face covering daily. 	M

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

			<ul style="list-style-type: none"> All areas used during this process must be cleaned by staff member administering the medication. <p>Cleaning of toilets after use:</p> <ul style="list-style-type: none"> Following use of any toilet in the school buildings, cleaner will be asked to clean that area as soon as possible. Toilets cleaned 4 times per day. 	
Risk of coronavirus infection spreading to shielded and clinically vulnerable adults	<p>Clinically extremely vulnerable individuals are advised not to work outside the home. We are strongly advising people, including education staff, who are clinically extremely vulnerable (those with serious underlying health conditions which put them at very high risk of severe illness from coronavirus and have been advised by their clinician or through a letter) to rigorously follow shielding measures in order to keep themselves safe. Read COVID-19: guidance on shielding and protecting people defined on medical grounds as extremely vulnerable</p> <p>Clinically vulnerable individuals who are at higher risk of severe illness (for example, people with some pre-existing conditions as set out in the staying-at-home-and-away-from-others have been advised to take extra care in observing social distancing and should work from home where possible.</p> <p>Education and childcare settings should endeavour to support this, for example by asking staff to support remote education, carry out lesson planning or other roles which can be done from home. If clinically vulnerable (but not clinically extremely vulnerable) individuals cannot work from home, they should be offered the safest available on-site roles, staying 2 metres away from others wherever possible, although the individual may choose to take on a role that</p>	Yes	<ul style="list-style-type: none"> HT will follow all advice given by Government and LA HR on who can return to work and who should remain at home. Currently, all staff are in school. Staff pods in place - all staff aware of when they are expected to work in the school building. Where shielding is required, copy of government letter presented and are not expected to work in school building. Staff members to keep HT up to date with developments. Pregnant staff members - not to work in school - will work at home. Any staff members with vulnerable health concerns have been encouraged to work at home where this is available. If working on school premises, SD must be adhered to. PPE and cleaning products available to all. RA to be shared with all school staff; asking all staff members to read the document and reply to sign they have 	L

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

Risk of coronavirus infection spreading due to large class sizes and reduced space	<p>Secondary schools and colleges, the same principle of halving classes will normally apply:</p> <ul style="list-style-type: none"> It is also sensible to rearrange classrooms and workshops with sitting positions 2 metres apart. Where very small classes might result from halving, it would be acceptable to have more than half in a class, provided the space has been rearranged. Again, support staff may be drawn on in the event there are teacher shortages, working under the direction of other teachers in the setting. Ensure safe entrance and exit routes with appropriate signage in place. <p>Each setting's circumstances will be slightly different. Any setting that cannot achieve these small groups at any point should discuss options with their local authority or trust. This might be because there are not enough classrooms or spaces available in the setting or because they do not have enough available teachers or staff to supervise the groups. Solutions might involve children attending a nearby school. If necessary, settings have the flexibility to focus first on continuing to provide places for priority groups and then, to support children's early learning, settings should prioritise groups of children as follows:</p> <ul style="list-style-type: none"> early years settings - 3 and 4 year olds followed by younger age groups infant schools - nursery (where applicable) and reception primary schools - nursery (where applicable), reception and year 1 	N/A	Not relevant in our setting.	
Risk of coronavirus infection	Keep cohorts together where possible and ensure:	Yes		L

<p>Are there any other foreseeable hazards associated with this activity? YES / NO</p>	<p style="text-align: center;"><u>List any additional control measures</u></p> <p>Staff sickness procedure:</p> <ul style="list-style-type: none"> If any staff member is feeling unwell - they must inform DHT and Head's PA (even if they are not on rota to attend school building). If the illness relates to Covid 19, if they have been in school building during past 14 days, all people they have been in contact with must be informed and advised to get tested. These people will not be allowed into school unless they have produced a negative test result or have isolated for 14 days. Staff member must arrange a test and will only be allowed back to work on production of negative result or after 14 days isolation. If sickness is not Covid related, staff member to stay off work until they are well. All staff illnesses will be added to sickness log in usual manner. <p>Grounds:</p> <ul style="list-style-type: none"> SS to ensure grounds are kept in a safe and secure manner. 		The school has a number of other risk assessments that will need to be used in conjunction with this document.

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.
