

# **Murray Park School Accessibility Plan**

**January 2021**

This plan is drawn up in accordance with the planning duty in the Equality Act 2010, schedule 10. It draws on the guidance set out in "Accessible Schools: Planning to increase access to schools for disabled pupils", issued by DfES in July 2002.

## **Key Principles:**

- Compliance with the Equality Act is consistent with the school's aims and Equal Opportunities policy, and the operation of the school's Inclusion Policy.

The school recognises its duty under the Equality Act:

- Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- Not to treat disabled pupils less favourably
- To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- The school recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities, and respects the parents' and child's right to confidentiality.
- The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles.

**Aims:** The School's Accessibility Plan will contain relevant actions to:

## **1. Physical Environment**

Sian Hubbard  
January 2021

Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.

## 2. The Curriculum

Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

## 3. Provision of information

Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available when required or on request in various preferred formats and within a reasonable time frame.

## Linked Policies

This Plan will contribute to the review and revision of related school policies where and when necessary, e.g.

- Teaching & Learning
- SEN policy
- Equalities
- Curriculum policies
- Health & Safety

- Behaviour
- Admissions
- Exams Policy
