

Dear Parent

To access the site, please go to www.go4schools.com and click on the **Parents login** at the top of the main page to arrive at the log-in screen. The email address you use to enter the site must be the one we have registered in our database for you.

For parents of students currently in Y6 please note that you will be unable to set up Go 4 Schools until your son/daughter has started at Murray Park School in September, please do not try to do so beforehand

Instructions to sign in as a First-time user

To create a password for GO 4 Schools, select the First-time User field, enter your email address into the box and click 'Please send me a password'. A link will be sent to your email address for you to **use within one hour** (please also check your spam/junk email folders for this link). Follow the instructions and you can then set up your password for your email address. You will then be able to log into the site and view your child's page.

If we do not have an email address for you or you would like to change an existing email address please contact us on **01332 515921**

If you have forgotten your password please click on that link - you can request a password reset email using [Forgotten your Password?](#)

Once you have set up your account with Go 4 Schools don't forget you can also download the App to your phone to be able to see your account more easily.

Should you have any difficulties please contact me for further help.
