Appendix 1 – Online harms and risks – curriculum coverage

## Statement of intent

Bishop's Primary School understands that using online services is an important aspect of raising educational standards, promoting pupil achievement and enhancing teaching and learning.

The use of online services is embedded throughout the school; therefore, there are a number of controls in place to ensure the safety of pupils and staff.

The breadth of issues classified within online safety is considerable, but they can be categorised into three areas of risk:

- **Content:** Being exposed to illegal, inappropriate or harmful material, e.g. pornography, fake news, and racist or radical and extremist views.
- **Contact:** Being subjected to harmful online interaction with other users, e.g. commercial advertising and adults posing as children or young adults.
- **Conduct:** Personal online behaviour that increases the likelihood of, or causes, harm, e.g. sending and receiving explicit messages, and cyberbullying.

The measures implemented to protect pupils and staff revolve around these areas of risk. Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

### **3. The curriculum**

- 3.1. Online safety is embedded throughout the curriculum; however, it is particularly addressed in the following subjects:
- RSE
  - Health education
  - PSHE
  - Citizenship/Character Education
  - Computing
- 3.2. The curriculum and the school's approach to online safety is developed in line with the UK Council for Child Internet Safety's 'Education for a Connected World' framework and the DfE's 'Teaching online safety in school' guidance.
- 3.3. Pupils are taught the underpinning knowledge and behaviours that can help them to navigate the online world safely and confidently regardless of the device, platform or app they are using.
- 3.4. Online safety teaching is always appropriate to pupils' ages and developmental stages.
- 3.5. The underpinning knowledge and behaviours pupils learn through the curriculum include the following:
- How to evaluate what they see online
  - How to recognise techniques used for persuasion
  - Acceptable and unacceptable online behaviour

- How to identify online risks
  - How and when to seek support
- 3.6. The online risks pupils may face online are always considered when developing the curriculum. The risks that are considered and how they are covered in the curriculum can be found in [Appendix 1](#) of this policy.
- 3.7. The DSL is involved with the development of the school's online safety curriculum.
- 3.8. The school recognises that, while any pupil can be vulnerable online, there are some pupils who may be more susceptible to online harm or have less support from family and friends in staying safe online, e.g. pupils with SEND and LAC. Relevant members of staff, e.g. the SENCO and designated teacher for LAC, work together to ensure the curriculum is tailored so these pupils receive the information and support they need.
- 3.9. Class teachers review external resources prior to using them for the online safety curriculum, to ensure they are appropriate for the cohort of pupils. When reviewing these resources, the following questions are asked:
- Where does this organisation get their information from?
  - What is their evidence base?
  - Have they been externally quality assured?
  - What is their background?
  - Are they age appropriate for pupils?
  - Are they appropriate for pupils' developmental stage?
- 3.10. External visitors may be invited into school to help with the delivery of certain aspects of the online safety curriculum. The **Principal and DSL** decide when it is appropriate to invite external groups into school and ensure the visitors selected are appropriate.
- 3.11. Before conducting a lesson or activity on online safety, the class teacher and DSL consider the topic that is being covered and the potential that pupils in the class have suffered or may be suffering from online abuse or harm in this way. The DSL advises the staff member on how to best support any pupil who may be especially impacted by a lesson or activity.
- 3.12. Lessons and activities are planned carefully so they do not draw attention to a pupil who is being or has been abused or harmed online, to avoid publicising the abuse.
- 3.13. During an online safety lesson or activity, the class teacher ensures a safe environment is maintained in which pupils feel comfortable to say what they feel and are not worried about getting into trouble or being judged.

- 3.14. If a staff member is concerned about anything pupils raise during online safety lessons and activities, they will make a report in line with sections 15 and 16 of this policy.
- 3.15. If a pupil makes a disclosure to a member of staff regarding online abuse following a lesson or activity, the staff member will follow the reporting procedure outlined in sections 15 and 16 of this policy.

## 4. Staff training

- 4.1. All staff receive safeguarding and child protection training, which includes online safety training, during their induction.
- 4.2. Online safety training for staff is updated **annually** and is delivered in line with advice from the three local safeguarding partners.
- 4.3. In addition to this training, staff also receive regular online safety updates as required and at least annually.
- 4.4. The DSL and any deputies undergo training to provide them with the knowledge and skills they need to carry out their role, this includes online safety training, from the LADO. This training is updated at least every two years.
- 4.5. In addition to this formal training, the DSL and any deputies receive regular online safety updates to allow them to keep up with any developments relevant to their role. In relation to online safety, these updates allow the DSL and their deputies to:
  - Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and capability required to keep pupils safe while they are online at school.
  - Recognise the additional risks that pupils with SEND face online and offer them support to stay safe online.

- Ensure they have a stable connection to avoid disruption to lessons.
- Always remain aware that they can be heard.

17.4. The school will consider whether one-to-one sessions are appropriate in some circumstances, e.g. to provide support for pupils with SEND. This will be decided and approved by the **SLT**, in collaboration with the **SENCO**.

17.5. Pupils not using devices or software as intended will be disciplined in line with the **Behavioural Policy**.

17.6. The school will risk assess the technology used for remote learning prior to use and ensure that there are no privacy issues or scope for inappropriate use.

17.7. The school will ensure that all school-owned equipment and technology used for remote learning has suitable anti-virus software installed, can establish secure connections, can recover lost work, and allows for audio and visual material to be recorded or downloaded, where required.

17.8. The school will communicate to parents in writing about any precautionary measures that need to be put in place if their child is learning remotely using their own/family-owned equipment and technology, e.g. ensuring that their internet connection is secure.

17.9. During the period of remote learning, the school will maintain regular contact with parents to:

- Reinforce the importance of children staying safe online.

- Ensure parents are aware of what their children are being asked to do, e.g. sites they have been asked to use and staff they will interact with.
- Encourage them to set age-appropriate parental controls on devices and internet filters to block malicious websites.
- Direct parents to useful resources to help them keep their children safe online.

17.10. The school will not be responsible for providing access to the internet off the school premises and will not be responsible for providing online safety software, e.g. anti-virus software, on devices not owned by the school.

## **18. Monitoring and review**

18.1. The school recognises that the online world is constantly changing; therefore, **the DSL, Director of Safeguarding and Compliance, ICT technicians and the Principal** conduct **termly** light-touch reviews of this policy to evaluate its effectiveness.

18.2. The **Local Governing Body, Principal, Director of Safeguarding and Compliance and DSL** review this policy in full on an **annual** basis and following any online safety incidents.

18.3. The next scheduled review date for this policy is **January 2021**.

18.4. The next annual review date for this policy is **September 2021**

Any changes made to this policy are communicated to all members of the school community.

## Appendix 1: Online harms and risks – curriculum coverage

[The table below contains information from the DfE’s ‘Teaching online safety in schools’ guidance about what areas of online risk schools should teach pupils about. You can use this to assist your school in developing its own online safety curriculum; however, you must develop your curriculum in line with your local needs and the needs of your pupils.]

### Wellbeing

Impact on quality of life, physical and mental health and relationships

Knowing how to identify when online behaviours stop being fun and begin to create anxiety, including that there needs to be a balance between time spent online and offline.

Teaching includes the following:

- How to evaluate critically what pupils are doing online, why they are doing it and for how long (screen time)
- How to consider quality vs. quantity of online activity
- The need for pupils to consider if they are actually enjoying being online or just doing it out of habit due to peer pressure or the fear of missing out
- That time spent online gives users less time to do other activities, which can lead some users to become physically inactive
- The impact that excessive social media usage can have on levels of anxiety, depression and other mental health issues
- That isolation and loneliness can affect pupils and that it is very important for them to discuss their feelings with an adult and seek support
- Where to get help

This risk or harm is covered in the following curriculum area(s):

- PSHE

Online vs. offline behaviours

People can often behave differently online to how they would act face to face.

Teaching includes the following:

- How and why people can often portray an exaggerated picture of their lives (especially online) and how that can lead to pressures around having perfect/curated lives
- How and why people are unkind or hurtful online when they would not necessarily be unkind to someone face to face

This risk or harm is covered in the following curriculum area(s):

- Relationships education
