

Speech and Language Therapy in Castle School

4th March 2020

Dear Parent/Carer,

After many years working in school, Cathy Booth (Speech and Language Therapist) is taking early retirement and so is no longer working with us. She has helped many children throughout her time here, particularly those with feeding difficulties. Cathy was a valued member of the team.

The Speech and Language Therapy team is:

Sue Emery 01670 500950 – in school on Tuesdays and Wednesdays

Emma Hammond 0191 2196711 – in school on Wednesdays

The communication and feeding needs of all the children known to Speech and Language Therapy continue to be met by the team, working in close liaison with school staff.

Should you have any concerns about your child's communication or feeding, please contact us.

Best wishes,

The Speech and Language Therapy Team
