#### **Vision**

## Enabling everyone in our communities to "let their light shine." Following the Light Values of Leadership, Improvement, Golden Rules, Happiness and Teamwork.

The intent of our careers programme supports the wider Academy vision of creating a culture of learning, success, high expectations, aspiration, challenge and inclusion. This is reflected through the careers curriculum which encourages our students to think about career planning from their earliest time at Duke's. We intend to raise their aspirations, increase their understanding of labour market information, develop the skills necessary to make students career ready whilst providing them with access to all career pathways. We participate in a range of projects to enable our young people to understand the breadth of opportunities available to them in their future education and employment, and partner with a number of organisations that support us in this aspiration.

#### **Current State**

Staffing includes one full time member of staff who has the overall responsibility as Careers Leader for the school. The Careers Leader is supported by one full time Careers Adviser who provides face to face guidance interviews for students in Years 9-13 and also supports Careers Education for students in all year groups. A full time Head of PSHCE leads the PSHCE and tutorial programmes across Duke's School, ensuring that pupils participate in a broad curriculum that helps them to grow personally and prepare vital life skills for their future.

Duke's Senior Leadership support the development of CEIAG within the school which aims to help students find out about the world of work, develop key employability skills and ensure that they take responsibility for planning their own career pathway.

Duke's Secondary School was awarded the Investor in Careers quality award in Careers Education and Guidance in July 2018. This is a nationally recognised award that demonstrates a school is meeting the highest of standards in preparing its learners for the world of work.

Duke's Secondary School is proud to be working towards achieving the national Gatsby Career Benchmarks for high quality and effective careers guidance. Duke's was part of the original pilot of 13 schools in the North East who explored new and innovative ways of delivering careers education, information, advice and guidance. The eight Gatsby Benchmarks were published in 2014 and now play a vital role in improving careers work nationally. Currently we have secured five of the Gatsby benchmarks and are working towards achieving the full eight by the end of the 2020/21 academic year. See appendix 1 for the school position. A detailed SWOT analysis looking at existing strengths, weaknesses, opportunities and treats has been carried out to help enhance CEIAG at Duke's further (appendix 2).

Duke's Secondary School was one of the first schools in the region to be appointed an Enterprise Adviser. The idea of the national Enterprise Adviser Initiative is that prominent local figures from business and industry support the school in preparing students for the world of work. Tony Quinn, the Managing Director of renewable energy employer ORE Catapult in Blyth, actively works with his staff on joint projects that will give Duke's students a real insight into how a cutting edge business succeeds in today's global energy market. Duke's is also a member of the North East Careers Hub. As a school we work closely with a wide range of local and national employers. The Careers Team keep an update to directory of employer contacts and readily seek out new links to improve the scope of sectors that are represented in our provision and fill gaps where necessary.

Careers has been introduced into the curriculum for all students in Years 7-13 (appendix 3 and 4) and we are now using the online Unifrog platform for all students in the school which is a positive move forward.

## **Key priority/ action areas**

- Increased parental engagement
- Improved staff training
- Personalised provision for SEND and Pupil Premium students
- 3 year destination tracking
- Specialised curriculum pathways to prepare students for employment/ further study in key growth sectors

#### **Strategic Objectives**

|   | Key Strategic Objectives   | Benchmarks        |
|---|--|-------------------|
| 1 |  | 1, 2, 3 & 8       |
|   | Increase student and parental involvement and confidence in planning for the future  |                   |
| 2 |  | 2, 3, 5, 6, 7 & 8 |
|   | Raise the aspirations of students by ensuring all students have access to high quality careers advice and  |                   |
|   | involvement in a wide range of encounters with employers and alumni. Personalise provision for key groups  |                   |
|   | such as SEND, Pupil Premium and alternative provision students   |                   |
| 3 | Improve tracking of student destinations to include an update in Year 2 and 3 after leaving date   | 3                 |
| 4 | Specialised curriculum pathways to prepare students for employment in key growth sectors for North East region. Changes to curriculum offer accompanied by comprehensive package of enrichment activity. | 2, 4, 5, 6 & 7    |

#### **Action Plan**

# Strategic Objective 1: Increase student and parental involvement and confidence in planning for the future Time Targets Actions

| Time     | Targets   | Actions  |
|----------|---|--|
| Year one | Introduce Unifrog tutor time programme for all students Year 7-13 to allow students to explore pathways, record what they | Unifrog to be launched with all students during autumn term.   |
| 2020-21  | have done, search for opportunities and make applications   | Comprehensive Unifrog year plan of half termly tutor time sessions for each year group to include topics relevant to key     |
|          | Introduce Unifrog sign up to parents  | stage. Focus on highlighting entry requirements for jobs, from a younger age.  |
|          | Introduce annual staff training for Unifrog   |  |
|          |   | Blended Unifrog year plan to be adopted to allow transition  |
|          | Raise profile of careers education at Duke's Secondary School   | between in school work and remote learning if required   |
|          | Involve parents in post 16 and post 18 destination planning   | Parent letter to be sent to all with Unifrog login details and link to platform launch video                                 |
|          | Raised awareness of labour market information for students  |  |
|          | and parents   | Annual staff training to ensure Unifrog is used to its full capacity and staff are up to date with the current Labour Market |
|          | Create Duke's Alumni network  | information  |
|          |   | Create Duke's Facebook page and use this to promote careers related activities   |
|          |   | Introduce dedicated Twitter careers day. All departments to retweet Careers Twitter post on Thursdays                        |

|                  |  | Activities for all year groups focusing on progression routes and labour market information  Regular updates regarding local labour market information to be posted on school website and social media pages  Faculties to display LMI information in their subject areas  Celebrate the successes of Duke's Alumni in following a range of pathways as part of Careers Weeks, National Apprenticeship Week and through Year 11 sixth form recruitment process   |
|------------------|--|--|
| Year two 2021-22 | Student confidence using Unifrog platform increased  More parental engagement in supporting students to use Unifrog platform outside of school  Further development of staff use of Unifrog and Labour Market Information  Increase number of parents engaging with Careers Adviser at parents/ options evenings  Improved parent/ carer voice to allow feedback on careers programme to be gathered | Students begin to take ownership of their Unifrog profile, regularly recording what they have done and sharing this with their form tutors  Staff training to be built into CPD programme to cover areas such as Unifrog, North East Labour Market, Gatsby benchmark updates and University reference writing  Faculties to incorporate Labour Market Information into lessons as part of careers weeks  Careers based workshops at parents/ options evening to showcase Unifrog platform, increase awareness of labour market information and provide information on post 16/18 |
|                  | Increased awareness of pathways for all students and parents Further develop Alumni network  | pathways  Parent/ carer forum to be created to support Duke's in improving Careers Education   |

| Further increase social media posts linked to careers. Live broadcasts of events through Facebook.           |
|--|
| Increase role of alumni students in school to include presence at World of Work Day and dedicated assemblies |

Strategic Objective 2: Raise the aspirations of students by ensuring all students have access to high quality careers advice and involvement in a wide range of encounters with employers and alumni. Personalise provision for key groups such as SEND, Pupil Premium and alternative provision students

| Time     | Targets   | Actions  |
|----------|---|--|
| Year one | Careers guidance appointments available for all students Y9-13                      | Duke's newly appointed Careers Adviser to create appointment schedule offering one to one interviews for all school leavers in                                 |
| 2020-21  | Increased parental involvement in careers guidance                                  | Y11, 12 and 13. Year 9 interviews to support options process and Year 10 interviews to help students explore work  |
|          | Increased student understanding of the pathways available post 16/18                | experience options. Focus on career entry requirements as part of interviews.  |
|          | Develop links with organisations and build on existing relationships                | Action plan to be created after each guidance interview. Plan to be shared with students and staff via the Unifrog platform and copies sent to parents/ carers |
|          | Increase variety of businesses /organisations we work with to include self employed | Programme of virtual events to be created for 2020-21 allowing students to explore Higher Education, Further Education,  |
|          | Create Duke's Alumni network  | apprenticeships and work with employers  |
|          | Track careers interactions to ensure all students are accessing careers education   | Continue work with Enterprise Adviser to build on existing relationships with employers to include them in virtual events and dedicated careers weeks          |

Create tailored experiences for key groups such as SEND and students in alternative provision

Increase support for AP students to reduce risk of NEET

Further embed Pupil Premium specific raising aspirations events into the school calendar

Create social media campaigns to attract new businesses to support careers activity at Duke's

Work with Trust Community Development Manager to develop new employer links

Celebrate the successes of Duke's Alumni in following a range of pathways as part of Careers Weeks, National Apprenticeship Week and through Year 11 sixth form recruitment process

Use Unifrog to record all careers interactions. Encourage all staff to make use of this tool. Identify students lacking in interactions and tailor provision where necessary

Duke's to be member of SEND Careers Hub. Careers Adviser to act as link

Duke's to be part of ONE Vision project. Cohort of 30 Year 10 students to complete the project throughout KS4

Careers Adviser presence at all EHCP review meetings

Careers Adviser programme of work with AP students including work experience placements and supported pathway research

Careers Adviser to provide guidance appointments for all external AP students and involve parents/ carers Work alongside FutureMe and local universities to further enhance opportunities for specific Pupil Premium student events aimed at raising aspirations around Higher Education.

| Year two | Further improve parental involvement in careers guidance  | Increase opportunity for parental involvement in one to one guidance interviews through parents/options evenings             |
|----------|---|--|
| 2021-22  | Provide increased experiences outside of the classroom to support students to explore pathways              | University visits for all students in Years 7 and 8. Tailored HE visits for Years 9-13. Close links with local universities. |
|          | Further increase employer and education links within curriculum areas                                       | Employer visits for all students in Year 9   |
|          | Work more effectively with primary campuses to share resources and have an awareness of student aspirations | Work experience for all students in Years 10 and 12  |
|          | before they enter secondary phase   | Dedicated World of Work day for all students Y9-13   |
|          | Further develop Alumni network  | Work closely with Enterprise Adviser to schedule programme of Business breakfast meetings allowing school staff and          |
|          | Further improve tracking of student interactions  | employers time to plan involvement together  |
|          |   | Work with NELEP Primary team to explore Ashington Town project linking primary, secondary and FE College                     |
|          |   | Increase role of alumni students in school to include presence at World of Work Day and dedicated assemblies                 |
|          |   | Upgrade to Compass+ programme to improve tracking of student interactions and link this self-evaluation programme to Unifrog |
|          |   |  |

Strategic Objective 3- Improve tracking of student destinations to include an update in Year 2 and 3 after leaving date

| Time | Targets | Actions |
|------|---------|---------|
|------|---------|---------|

| Year one<br>2020-21 | Improve tracking of school leavers to include updates in Year 2 and 3 | Collate all destination data and alumni contact details for school leavers 2018-2020  |
|---------------------|---|---|
| 2020-21             |   | Liaise with NELEP confirm which students need to be tracked and purpose of data tracking exercise                                       |
|                     |   | Create plan to conduct follow up and recruit staff to support phone calls   |
|                     |   | Add data sharing agreement to Y11 options forms and Y12/13 data collection sheets to collect student mobile numbers and email addresses |
| Year two            | Further embed tracking of students for 3 years after leaving school   | Update periods to be part of the school calendar  |
| 2021-22             |   | Core group of staff assigned to make contact with students  |
|                     |   | Create email distribution lists for school leavers. Use these to make initial contact and then follow up with phone calls as required   |
|                     |   | Collate all 3 year tracking information into one document   |
|                     |   | Use data to identify trends and inform careers programme  |
|                     |   | Compare findings to DFE destination data  |
|                     |   | Meet with SLT to report data  |
|                     |   | Add to Duke's alumni  |
|                     |   |   |

Strategic Objective 4- Specialised curriculum pathways to prepare students for employment in key growth sectors for North East region. Changes to curriculum offer accompanied by comprehensive package of enrichment activity.

| Time     | Targets  | Actions  |
|----------|--|--|
| Year one | Increase student, parent and staff awareness of the key growth                                       | Service Level Agreement with the Port of Blyth STEM Hub to   |
| 2020-21  | sectors for the North East region (STEM, digital, coding, renewables, engineering and manufacturing) | support students to enter these sectors. Initial focus for Duke's to be on Engineering and Renewables                              |
|          | Explore possible KS3 & 4 curriculum changes  | STEM Hub to create enrichment programme to support skill building and raise awareness of these sectors                             |
|          | Equip students with the qualifications and skills necessary to                                       |  |
|          | enter employment in these sectors  | Work closely with STEM Hub and Enterprise Adviser to tailor the programme to the needs to Duke's students                          |
|          | Expose all students to the opportunities available in these sectors within the North East            | Include greater focus on STEM subjects are KS3 including enrichment activities to enthuse students. Further embed                  |
|          | Raised awareness of labour market information for students, parents and staff                        | subjects such as BTEC Engineering in KS4 curriculum  |
|          | Address gender stereotypes around the sectors  | Activities for all year groups focusing on progression routes and labour market information  |
|          |  | Whole year group visit to Port of Blyth for Year 9 students.<br>Students attend carousel of workshops exploring careers in<br>STEM |
|          |  | Regular updates regarding local labour market information to be posted on school website and social media pages                    |

|          |  | Faculties to incorporate Labour Market Information into lessons as part of careers weeks                             |
|          |  | Labour market workshops as part of parents/options evening   |
|          |  | Introduce computer coding/ programming enrichment through Altitude Foundation  |

#### **Monitoring & Evaluation Plan**

Our Head of KS5 and Careers reports regularly on the impact of the programme through line management meetings and in reports to the Senior Leadership Team of Duke's Secondary School, the Executive Leadership Team of NCEA Trust, and the Governors and Trustees of NCEA Trust. We have two link governors who hold the Head of KS5 and Careers, and Principal to account for the progress in this area, and who report on their findings through the Academy Improvement Board to the Trust Board.

Whole school tracking is completed by the Careers Leader to ensure all students are receiving careers education including personalised activities and encounters to meet their needs. Some events take place on a large scale and are designed to help students explore pathways whereas some are tailored to meet students' needs or to target specific groups such as pupil premium, SEND, high achievers etc.

Capturing the opinions of those taking part in careers events is very important to us. We listen to what our employers and our pupils tell us about our careers programme, and we implement changes based on this feedback. Event specific evaluations are provided by external organisations or the Duke's Careers Team. We also use the Future Skills survey to assess the impact of our careers programme over an extended period of time. Students complete the survey in the autumn term and again at the end of the academic year.

We utilise the Compass careers benchmarking tool from the Careers and Enterprise Company to measure our performance in self-evaluation against the Gatsby Benchmarks for good careers education, and we are regularly reviewed by representatives of the Gatsby Benchmarks organisation to validate or challenge our own evaluation.

We participate in the Investors in Careers programme, which requires external validation of our careers programme.

### Appendix 1- Gatsby benchmark current state (January 2021)

We utilise the Compass careers benchmarking tool from the Careers and Enterprise Company. We measure our performance in self-evaluation against the Gatsby Benchmarks for good careers education, and we are regularly reviewed by representatives of the Gatsby Benchmarks organisation to validate or challenge our own evaluation.

| Benchmark   | Percentage | Areas to be addressed   |
|---|------------|---|
| 1- A stable careers programme                         | 94%        | <ul> <li>Careers programme to be updated in line with Covid restrictions</li> <li>Feedback to be collected from all stakeholders</li> <li>Specific information regarding benchmark 4 to be added to careers in the curriculum document for subject staff</li> <li>Completion of Future Skills student survey in autumn and summer terms</li> </ul>  |
| 2- Learning from career and labour market information | 100%       | <ul> <li>Complete Act of Collective Worship with all students in autumn term focusing on Labour Market Information</li> <li>Regularly update LMI information on school website &amp; social media platforms</li> <li>Increase parental engagement through new social media accounts</li> <li>Ensure careers programme is tailored to virtual/ online delivery to allow students the opportunity to explore all pathways from within school environment</li> <li>Use Unifrog to culture of students exploring pathways and accessing information for themselves both inside and outside of school</li> <li>Encourage greater involvement in Unifrog from parents</li> <li>Provide Unifrog training for all staff</li> <li>Improve LMI displays in faculty areas</li> </ul> |

| 3- Addressing the needs of each pupil     | 90%  | <ul> <li>Develop programme of one to one guidance interviews for all students Y9-13</li> <li>Plan virtual events to support progression, applications, exploring pathways etc.</li> <li>Tailored support plan for groups such as SEND and Alternative Provision students</li> <li>Further develop activities to challenge gender stereotypical thinking</li> <li>Collate data for school leavers up to 3 years after they leave school</li> </ul>   |
|---|------|---|
| 4- Linking curriculum learning to careers | 100% | <ul> <li>Add in second careers week to school calendar in addition to National Careers Week</li> <li>Involve subject areas in National Apprenticeship Week</li> <li>Encourage staff to make use of employer links developed last academic year. Support can still take place virtually</li> <li>Sign SLA with Port of Blyth STEM Hub to develop students for employment in growth sectors</li> <li>Update Careers in the Curriculum document adding specific information about the importance of benchmark 4</li> </ul> |
| 5- Encounters with Employers & Employees  | 100% | <ul> <li>Schedule employer events to take place virtually. Include workplace tours where possible</li> <li>Link employers to create pre-recorded videos for use in Careers Weeks</li> <li>Careers Leader to sign up to Inspiring the Future website and create request for pre-recorded videos</li> <li>Involve Enterprise Adviser in liaising with employers about online content</li> </ul>   |
| 6- Experiences of Workplaces              | 100% | <ul> <li>Some in person events to be explored for end of academic year such as Port of Blyth visit for all Y9 students</li> <li>Year 10 &amp; 12 work experience week scheduled for end of June. Careers Team to look at virtual opportunities if this is not possible</li> </ul>   |

| 7- Encounters with further and higher education | 66%  | <ul> <li>Programme of HE events to take place in school or virtually through FutureMe and local universities</li> <li>Act of Collective Worship exploring all pathways to be created for all students. Featuring videos from HE, FE, Sixth Form Colleges, Training Providers and ASK Apprenticeship team</li> <li>Whole year group university visit to be explored for all Y7 and 8 students. Aim to visit a university and understand what happens there.</li> </ul> |  |  |  |  |
|---|------|---|--|--|--|--|
| 8- Personal Guidance                            | 100% | <ul> <li>Develop programme of one to one guidance interviews for all students Y9-13</li> <li>Launch One Vision Project to support SEND Y10 students throughout KS4</li> <li>Share information with parents/ carers to involve them in guidance process</li> <li>Organise National Careers Service digital presentations</li> </ul>  |  |  |  |  |

### Appendix 2- SWOT Analysis

#### **Strength of Careers Provision SWOT**

**Components**: Careers Education, Careers within subject areas, LMI, Employer Engagement, Experiences of the world of Work, Encounters with FE/HE, 1:1 guidance

**Features**: Progressive programme, Each & Every Student Level Tracking, Informed by Stakeholder voice, Known and Understood, Informed by Evaluation, SLT/Gov/HT 'buy-in'

| STRENGTHS   | WEAKNESSES  |
|---|---|
| Careers leader has achieved Level 6 in Careers Leadership               | Buy in from all staff   |
| Level 6 Careers Adviser employed full time                              | Parental engagement   |
| Excellent support from Enterprise Adviser                               | Careers education as part of school improvement plan                        |
| Hub school part of the North East LEP                                   | Number of NEETs   |
| SLT and Trustee support   | Tailored provision to vulnerable/ SEND students                             |
| Careers programme for students in Y7-13                                 | Benchmark 1- No strategic element to careers programme, no teacher          |
| Employer links  | specific section of website   |
| Sixth Form work experience  | Benchmark 3-3 year tracking of destinations                                 |
| Careers in the curriculum   | Benchmark 7- student contact with sixth form colleges. Fewer                |
| Raised awareness amongst staff  | university events due to current covid restrictions                         |
| OPPORTUNITIES   | THREATS   |
| Being able to work with other schools through Northumberland CEIAG      | Lack of staff training- staff not using Unifrog to full capacity so this is |
| network and careers hub to share good practice                          | not passed onto students. Staff unaware of local labour market situation    |
| Learn from experience and develop the programme annually                | 2020 Gatsby deadline  |
| Subject Careers Champion links to local business                        | Benchmark requirements consistently changing on evaluation tools            |
| Unifrog for all students Y7-13 including parent access: allows tracking |   |
| of all careers interventions  |   |

Compass+ to provide greater tracking of progress towards Gatsby. Can be linked to Unifrog

Increased parental engagement through new Careers Adviser role Facebook page for careers events- live broadcasts to increase parental awareness

Additional employer links through Careers Adviser contacts Development of work experience programme with Year 10 students Support from Careers team at KEVI to provide sixth form college encounters

Future Skills survey to evaluate careers programme with students Development of alumni network

Specialised curriculum pathways to prepare students for employment in key growth areas- support from Blyth Stem Hub

#### **Key priority/action areas from SWOT:**

- Increased parental engagement
- Improved staff training
- Personalised provision for SEND students
- 3 year destination tracking
- Specialised curriculum pathways to prepare students for employment in key growth sectors

#### Appendix 3- Duke's Overall Annual Careers Programme

This plan outlines the main careers activities that take place for all year groups during the academic year.

All students from Years 7-13 have the opportunity to take part in a wide range of career related activities during their time at Duke's Secondary School. These activities include, World of Work days, workplace visits, guest speaker assemblies and career ready programmes plus many more. However, we continually try to evaluate and improve our programme by gathering feedback from all stakeholders. The Duke's annual careers plan will be reviewed at the beginning of each academic year.

However, in addition to these core activities many opportunities arise throughout the year for smaller groups of students, or individuals, and the school will always strive to take advantage of these. These include visits to employers, talks to students and careers competitions. Learning about careers also takes place within the curriculum subject areas.

A fully stocked careers resource area can be found in the library where access to careers websites on dedicated computers can also take place.

Numbers in brackets refer to Gatsby benchmarks.

#### Appendix 4- Duke's Careers in the Curriculum Plan

"All teachers should link curriculum learning with careers" (Gatsby Benchmark 4)

- Statutory Guidance for Careers Education and Guidance, Jan 2018

At Duke's we recognise the importance of incorporating careers learning into curriculum areas. Staff are encouraged to do this through dedicated Careers Weeks, National Apprenticeship Week and through links with local employers. Each department has a dedicated 'Careers Champion' who serves as a link with employers and monitors career related activity within the curriculum area. All staff have access to the Unifrog platform which includes up to date labour market information, a resource library and career profiles demonstrating how the skills developed in their subject areas link to jobs.

Effective Careers in the Curriculum delivery allows teachers to increase engagement and understanding by showing students what they learn in the classroom in the context of real life scenarios. This makes the subject more relatable to the world of work and relevant to everyday. Real-life contexts and examples from the world of work can make subjects easier to understand and help students feel more engaged in their learning. Above all, linking curriculum learning to careers can boost achievement and help students to progress. Students are less likely to drop out if they know about opportunities for further study and how the subject can be combined with others to give access to different pathways (The Gatsby Benchmark Toolkit for Schools, CEC 2019).

Teachers play an important role in influencing student's career choices. Research has shown that students are 18 times more likely to learn if teachers know their hopes and dreams (CEC, 2019).

#### **Gatsby Benchmarks**

The Careers in the Curriculum document is given to individual departments so that they can audit their subject area against benchmark 4. In addition to careers in the curriculum staff also noted activities that address the following benchmarks through visits to employers, work experience placements and talks in school from external speakers:

Benchmark 2: Learning from career and labour market information (employer visits/talks)

Benchmark 5: Encounters with employers and employees

Benchmark 6: Experiences of workplaces

Benchmark 7: Encounters with further and higher education

The full plan including details of all activities/ opportunities available within subject areas can be viewed on the school website at <a href="https://dukes.ncea.org.uk/curriculum/careers-education/">https://dukes.ncea.org.uk/curriculum/careers-education/</a>
