

Duke's Raising Aspirations School Progression Plan

The Duke's Raising Aspirations Plan has been based on the North East Regional Progression Framework, allowing us to build a programme that increases the knowledge and understanding students have of Higher Education as well as supporting their progression goals.

The Regional Progression Framework is structured in three phases; introductory, developmental and consolidation. The phases are underpinned by six higher education learning objectives;

- LO1: Introducing Higher Education
- LO2: Routes to further and higher education
- LO3: Attainment and how this supports progression
- LO4: Financial support for further and higher level study
- LO5: Applying to further and higher education
- LO6: Transition to further and higher education

At Duke's we aim to provide students with a wide range of opportunities and activities which address the learning objectives identified and help students make informed decisions about their future. Below you will find our school progression plan, detailing our offer.

Key:

Introductory Phase	
Developmental Phase	
Consolidation Phase	
Multiple Phases	

Activity Name	Description	Learning Outcome	Year Group	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul
