3 Steps to Effective Examination Preparation

- Do anything you can to get you to use the information that you have been revising
- Rewrite mind maps, flash cards and notes from memory
- Check what you wrote and identify anything that you missed or got wrong
- Do it again

3 Steps to Effective Examination Preparation

Tell someone what you can remember about a topic. If there is no one about then tell yourself. Even telling the dog / cat will help you

3 Steps to Effective Examination Preparation

Pick a series of key words from a topic. Write what you can remember about them and make links between them if you can

Again, check and see what you have
