1.1. Introduction

The Trustees have the power to establish any committee to assist in the conduct of the business of the Trust. If a committee is to have decision making authority, the committee board must comprise a majority of Trustees, enabling a quorate decision to be made. Where committees consist of six trustees, and four are present at a meeting, this will enable quorate decision making.

Details of the committees established by the Trust are noted in the Trust's Structure Diagram which forms part of this Scheme of Delegation suite of documents.

The Trust Board has established this committee pursuant to Article 100 (b) in the Trust's Articles of Association.

1.2. Membership and clerking

Members of the committee will be NCL trustees, from whom a Chair will be appointed. The committee structure includes permanent guests, who will be invited to all meetings, but who will not participate in decision making. Other guests may also attend as invited, but will not participate in decision making.

The meetings of the committee will take place as and when required, depending on the nature of the Trust's current and planned growth projects. The committee will meet a minimum of three times per year. All meetings shall be minuted by an external clerk, in accordance with the Trust's governance support arrangements.

1.3. Authority

The Standards and Community Committee is a Committee of the Trust Board and is authorised to investigate any activity within its terms of reference or specifically delegated to it by the Board. It is authorised to:

- recommend and/or propose key decisions that fall within its remit to the Trust Board;
- request any information it requires from any member of the Central Team and Executive Group members, and/or other assurance providers such as external audits/review leads; and
- obtain outside professional advice it considers necessary, normally in consultation with the headteacher and/or chair of the governing body.

1.4. Reporting

The Committee will:

- report back to the Trust Board regularly every term; and
- provide a termly summary report covering key findings, recommendations and conclusions.

1.5. Constitution

This committee has been established as a committee of the Trust Board, responsible for recommending or proposing decisions to the Trust Board.

The chair will be a Trustee and will be appointed as committee chair by the Board of Trustees, taking into account the required skills and experiences required for the position and the balance of chairing responsibilities within the Trust. The chair of the committee will not chair any other committee in order to maintain a clear separation of roles - but may still sit as a *member* on other Committees of the Trust Board. The chair of the committee will not be the chair of the Board of Trustees.

The Trust's School Improvement Leads (Primary and Secondary) will be the key members of the operational staff who will support the work of the committee (including agenda planning and actions delivery) and who will attend all meetings, but who will not not be members of the committee.

The Trust's School Improvement Leads may invite guests (including Headteachers) based on the meeting agendas.

1.6. Frequency of meetings

The committee will normally meet three times a year, scheduled to enable recommendations to be referred to the Trust Board with minimum delay.

Additional ad hoc meetings may be arranged to deal with identified significant issues or to cope with increased workload.

1.7. Core functions

The primary function of the committee is to ensure, on behalf of the Board of Trustees, that the senior Trust and school leadership teams and their Local Governing Bodies are held to account for the sustainable improvement of all schools in the Trust, so that students are able to achieve the targets set. Wellbeing of all students and staff, as well as achievement, are the other overarching priorities of the committee.

The committee will, in conjunction with school and Trust leaders, and guided by of the views of the Trust Improvement Leads, agree a set of key performance indicators (KPIs) which will be used by all schools, in order that the committee is able to review data in a standardised agreed format and use this to report back to/make recommendations to the Trust Board.
