Eco Fair

Thank you so much to all the parents who joined us for our Eco Fair on Wednesday!

We were thrilled to see such a fantastic turnout and we hope you enjoyed exploring the classrooms and learning more about simple ways to care for our planet. We truly appreciate your enthusiasm and support and we hope you left with some useful, eco-friendly tips to use at home.

Below is some of the work the children did. A special thank you goes to one of our Year children for all his work and for manning a stall at the fair.

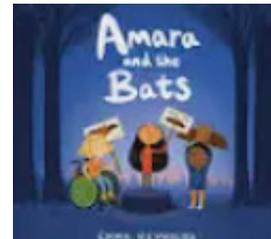

Top Pick Book of the week Amara and the Bats by Emma Reynolds

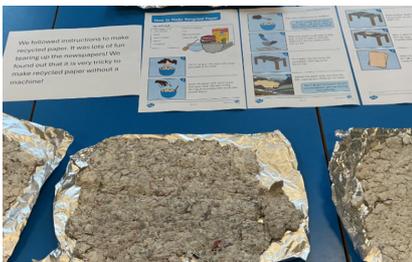

Recommended reading age 5 - 7

Amara loves bats! Her favourite thing to do is to collect bat facts and watch the amazing mammals fly at night by her house. But when Amara moves to a new town, she learns that her beloved bats no longer roost nearby because they are losing their habitat. Amara is upset. What can she do to help? She's just one person and the problem feels so much bigger than her. But after doing some research, she discovers that there are many young people making big changes all around the world. Inspired to take action, Amara gathers her new friends to help save the bats. Together, she knows they can make a difference.

Emma Reynolds crafts an inspiring story about community action, perseverance and what to do in the face of climate anxiety. At its heart, this is a story about hope and finding a place to call home.

GROW STARS OF THE WEEK

Reception

Mia & Riley

KS1

Year 1: Minnie & Ted

Year 2: Pippa & Lilly

KS2

Year 3: Katelynn & Jacob

Year 4: Skyla & Felix

Year 5: Isadora & Elena

Year 6: Carter & Louis

Hockey Update!

On Tuesday, our Year 6 Hockey Team played in a tournament at St. Thomas Primary School. They topped the Round Robin stage with excellent team work and without conceding a goal. This moved them into the semi final against Fairway Primary School which saw Norris Bank 3-0 down until the last 2 minutes when there was a tremendous come back which saw us win 4-3. Into the final against St Thomas, it was neck and neck at 3-3. We did our best with amazing attacking skills but couldn't get past their goalkeeper. St Thomas found a goal within the last few seconds of play and clinched a win!

We are incredibly proud of the team's skill and determination finishing as runners up.

Well done!

Year 2 Topic Work

As a culmination of our topic work, Year 2 has created bug hotels and butterfly feeders. The driving force behind this topic was sustainable green living and how we can protect our planet. These projects were developed following our science lessons about local habitats and micro-habitats.

We have placed the bug hotels around the school and the butterfly feeders will be sent home.

DATES FOR THE DIARY

For a full list of dates for the 2025-26 academic year, please see our [Annual Planner which can be accessed by clicking on this link.](#)

Date	Event
February	
11th	Parents meeting for Year 4 residential
