

# Welcome to Class 7's Summer Overview

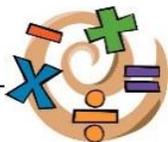

Dear Parents and Carers,

The children are now in their last term of Year 3/4.

We have had a fantastic year together and we are very proud of the progress they have all made. You will receive information about whole school matters through school letters, but we also wanted to send you our own information about Year 3/4 through a newsletter.

Thank you, Mrs Robson, Mrs Thomas and Mrs Deaton

## Maths

Y4 - We are focusing on decimals, money, time, statistics, shape and position and direction this term. Times tables and mental arithmetic will be practised daily to improve our rapid recall skills. By the end of Year 4 we expect children to know all times table facts up to 12x12. **In June, the children will sit a statutory multiplication test to check their knowledge.**

Y3 - We are focusing on fractions, time, shape and position and direction this term. Times tables and mental arithmetic will be practised daily to improve our rapid recall skills. By the end of Year 3 we expect children to know their 2, 3, 4, 5, 6, 8 and 10 times tables.

Times tables tests will be completed frequently to practice quick recall. TTRockstars is a brilliant way of having fun whilst learning times tables. Look out for battles against other classes! Children can also use Hit the Button and Times Table check to practise quick recall of facts.

## English

This term, we will look at the genres of story-writing, diary entries, letters, poetry, persuasive posters and non-chronological reports. All our writing will link to our History topic, Ancient Greece.

In our reading sessions we will practise comprehension skills to help our understanding of a text.

Grammar, punctuation, spelling and handwriting will be practised daily in class.

We will be continuing with spellings from the Year 3/4 word lists and explore how sentences can be written using different structures.

## Science

Y3 - During the Summer term we will be learning about Plants. We will be planting seeds and watching them grow and investigating different conditions needed for plant growth.

We will then be exploring Pollution.

Y4 - During the Spring term we will be learning about Our Allotment and begin growing our own herbs and vegetable.

We will then be exploring Sound.

## RE

Our first topic that we will look at this term is Energy which is based on the celebration of Pentecost. In this topic, we will explore the coming of the Holy Spirit. We will also explore the Sacrament of Reconciliation and the Universal Church. We will also be learning about Sikhism this term as we explore another faith. We look forward to exploring and celebrating the differences in the religion.

This term, we look forward to some of our Year 4 children receiving the Holy Eucharist for the first time. Please make sure you attend all preparation meetings on a Tuesday after school if you are celebrating this special sacrament.

## PSHE

This term in PSHE we will be exploring how we continue to explore our health and well-being, living in the wider world and how to maintain good friendships with others.

## pe

This term in PE our topics are cricket and athletics. The children will learn a range of techniques and rules of the game.

P.E lessons will take place on a Thursday morning, so remember to have PE Kits in school (White tops/red shorts and trainers). They should be left in school until the end of the half term.

## Computing

This term, we will be exploring coding and programming a car to move.

Please encourage safe internet use at home and good and legal use of social networks.

Thank you.

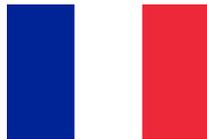

## History

This term our history topics is Ancient Greece. We will learn about Ancient Greece, including how archaeological findings tell us more about how the Greeks lived, Greek architecture and Greek Gods and Goddesses.

## French

Bonjour! In French we will be recapping numbers 1-20 as well as asking how someone is feeling, their name, their age and where they live. We will also continue to practice basic facts such as days of the week and months of the year.

Au revoir!

## Art, Music and D&T

Art will be based around a famous pottery artist; the children will explore sculpture and pottery skills which link to our History topic, Ancient Greece.

In Music the children will be listening to a range of songs, playing different instruments (glockenspiels and recorders) as well as performing songs.

In D&T children will be planning and making a healthy soup using herbs and vegetables from our allotment.

## Homework

**Reading** is very important. Please listen to your child read regularly and ensure they bring their reading book and record to school every day.

It would be appreciated if you could also write a comment to let us know how your child is getting on at home with their reading.

Children are now expected to access **Reading Plus twice a week at home** as well as their timetabled reading plus in school.

**Spellings** will continue to be sent home fortnightly on a Friday and your child will be tested the following Thursday. Please help your child to learn their words each week for the test.
