## Year 5 Summer Term Curriculum Newsletter

# Welcome Back Everybody!

Let's all be  
safe

I can't believe it's already the Summer term! Both the children and I cannot believe how fast this year is going! We have another busy term ahead of us, with lots of new and interesting things still to learn in all of our subjects!

We will be exploring the sights and sounds of South America and the Amazon Rainforest in Geography, learning all about mummification and life in Ancient Egypt in History and learning about Forces, Living Things and Light in Science.

Hopefully, in coming weeks, we might also get a little bit of Summer sun to lift our spirits! With this in mind, as the weather improves, please ensure send your child into school with a water bottle every day to keep them hydrated, and that you apply sun cream to your child before bringing them into school on a morning.

Finally, please speak to us or give us a ring if we can ever be of any help. Keep an eye on Facebook too as we will be posting regular updates and pictures of what we have been getting up to in class!

## Homework

It is absolutely vital that your child knows their times tables, therefore their homework will be regular participation (we ask for at least 3 times per week) on the 'Times Tables Rockstars' App, taking part in class v class competitions etc... ([www.trockstars.com](http://www.trockstars.com) or download the app)

Spellings are also essential and will be sent home to be learned every week, ready for a test each Friday.

([www.spellingshed.com](http://www.spellingshed.com) or download the app)

We would appreciate your support with your child's home learning and we ask that you encourage and support your child with all activities set.

## Mr Watson Recommends

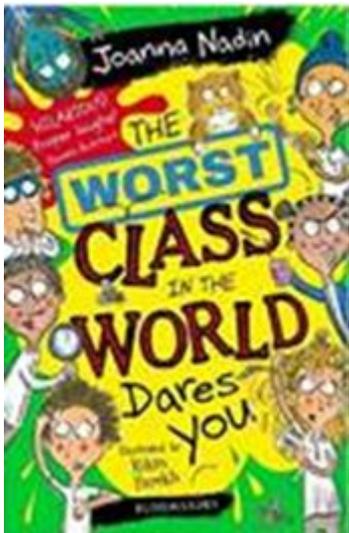

I thoroughly enjoyed reading 'Who Let The Gods out?' by Maz Evans. The text follows the life of a young boy, Elliot, who has spent his life keeping his mums illness under wraps, but sadly money is running out... When a young Zodiac goddess, Virgo, lands in his back garden, he thinks he might have come across a perfect solution to his money worries, but instead the pair get into trouble by releasing Thanatos - the immortal daemon- from centuries of imprisonment. With Thanatos on the loose and Elliot and Virgo being out of their depth, they have to call upon Zeus and other retired Gods to help - but can they get to Thanatos before it's too late?...

Funny, witty and very modern, this fantastic fantasy is an excellent mix of ancient history and modern magic, with brilliant characters and a human story at its heart. A 5\* recommendation from me!

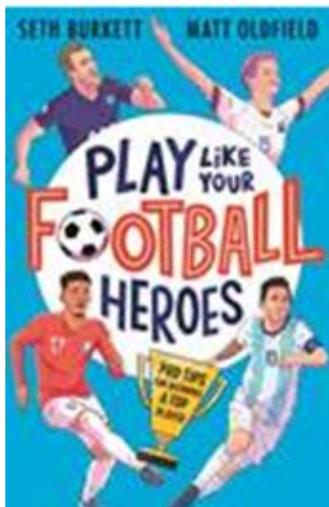

Try the rest in the series - Simply the Quest, Beyond the Odyssey & Against All Gods.
