Digital safeguarding Parent Awareness Session Evaluation responses 2019

Did you find the session informative?	
Yes: 14	No: 0

Did it meet your expectations?	
Yes: 13	No: 0

What have you gained from attending the workshop?

- More awareness and knowledge
- Digital resilience
- Found out about popular apps that I hadn't heard of
- Understanding apps can be a cover for something else
- When using the internet, be more careful
- In depth knowledge
- Fuller knowledge of what to talk to my children about
- Made me aware of the variety of apps/media there is out in the open world
- Improved awareness of online risks
- Knowing dangers of social media apps that my children may use
- Made aware of applications I did not know about
- It is no good to bar children from social media but to teach them how to be safe
- Managing online children's interaction

What will you do with the information you have learned today?

- I will try to apply the information to try and create online resilience for my children
- Speak to my children and check all the settings and platforms
- Use it as guidance when the children are using electronic devices
- To work together with my child
- Discuss with children
- Chat with my children
- Kepp this mind, apply an open approach, contact with my children
- Discuss with children and increase my input around their tablet use
- Check tablets/PS4 regularly and ask about what they're using and who they're speaking to
- Check what applications my son is using now I'm aware of them
- I am going to apply it at home
- Practise some safety measures

What did you not like about the workshop?

- Some content was distressing, however it does bring to light some of the dangers
- I liked all of the information

Is there anything we can do, as a school, to support your children/family with the issues raised in the session today?

- Making the children more aware of the dangers of online interaction with strangers
- Teach children the risks regularly, encourage open dialogue with each other
- Making sure the children are aware on line grooming
- Explain more
- Child sessions in class
- Just keep us informed of what online activities they are using in school
- I think the children need more teaching regarding all the dangers
- Have sessions more often
- Give out the magazines in school more often

Any other comments?

- It is an interesting and very educational session
