

Guide for Parents

So that we can continue to teach the curriculum and to ensure that your child does not miss out on their learning, we will be using Google Classroom as a main way to communicate and set up activities for pupils to complete during school closures.

Each child from year 1 - year 6 has been given a log in to access Google Classroom and assigned to their class. Please ensure that your child is able to log on to this and can access the relevant information. If you are having a problem with this, please let your child's class teacher know before we close tomorrow so we can rectify any issues.

The steps you will need to access Google Classroom:

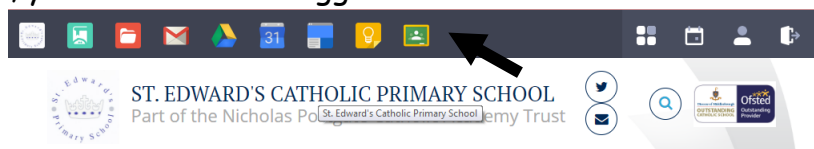

1. First, go on the school website www.stedwards.npcat.org.uk
2. In the top right hand corner, click on the log in icon.

3. At this point, you may be asked to find our school from the drop down list.
Look for NPCAT St Edward's

4. Then , you will be able to sign in with the log in details you have been given.

5. Once logged on, you can find the Goggle Classroom  icon at the top of the page

6. You may need to specify that you are a student and then join the class.

7. Here, you will be able to see any work that has been set or communicate with the teacher and members of the class. We remind all pupils that any comments typed here need to be appropriate and we recommend that adults supervise this where possible.
