

Burns Night Kilt Card Craft

You will need:

Scissors

A gluestick

Colouring pens or pencils and a ruler
(if you are making your own tartan design)

Tartan kilt rectangle shape

Kilt Belt

Sporran

A4 Burns Night card template

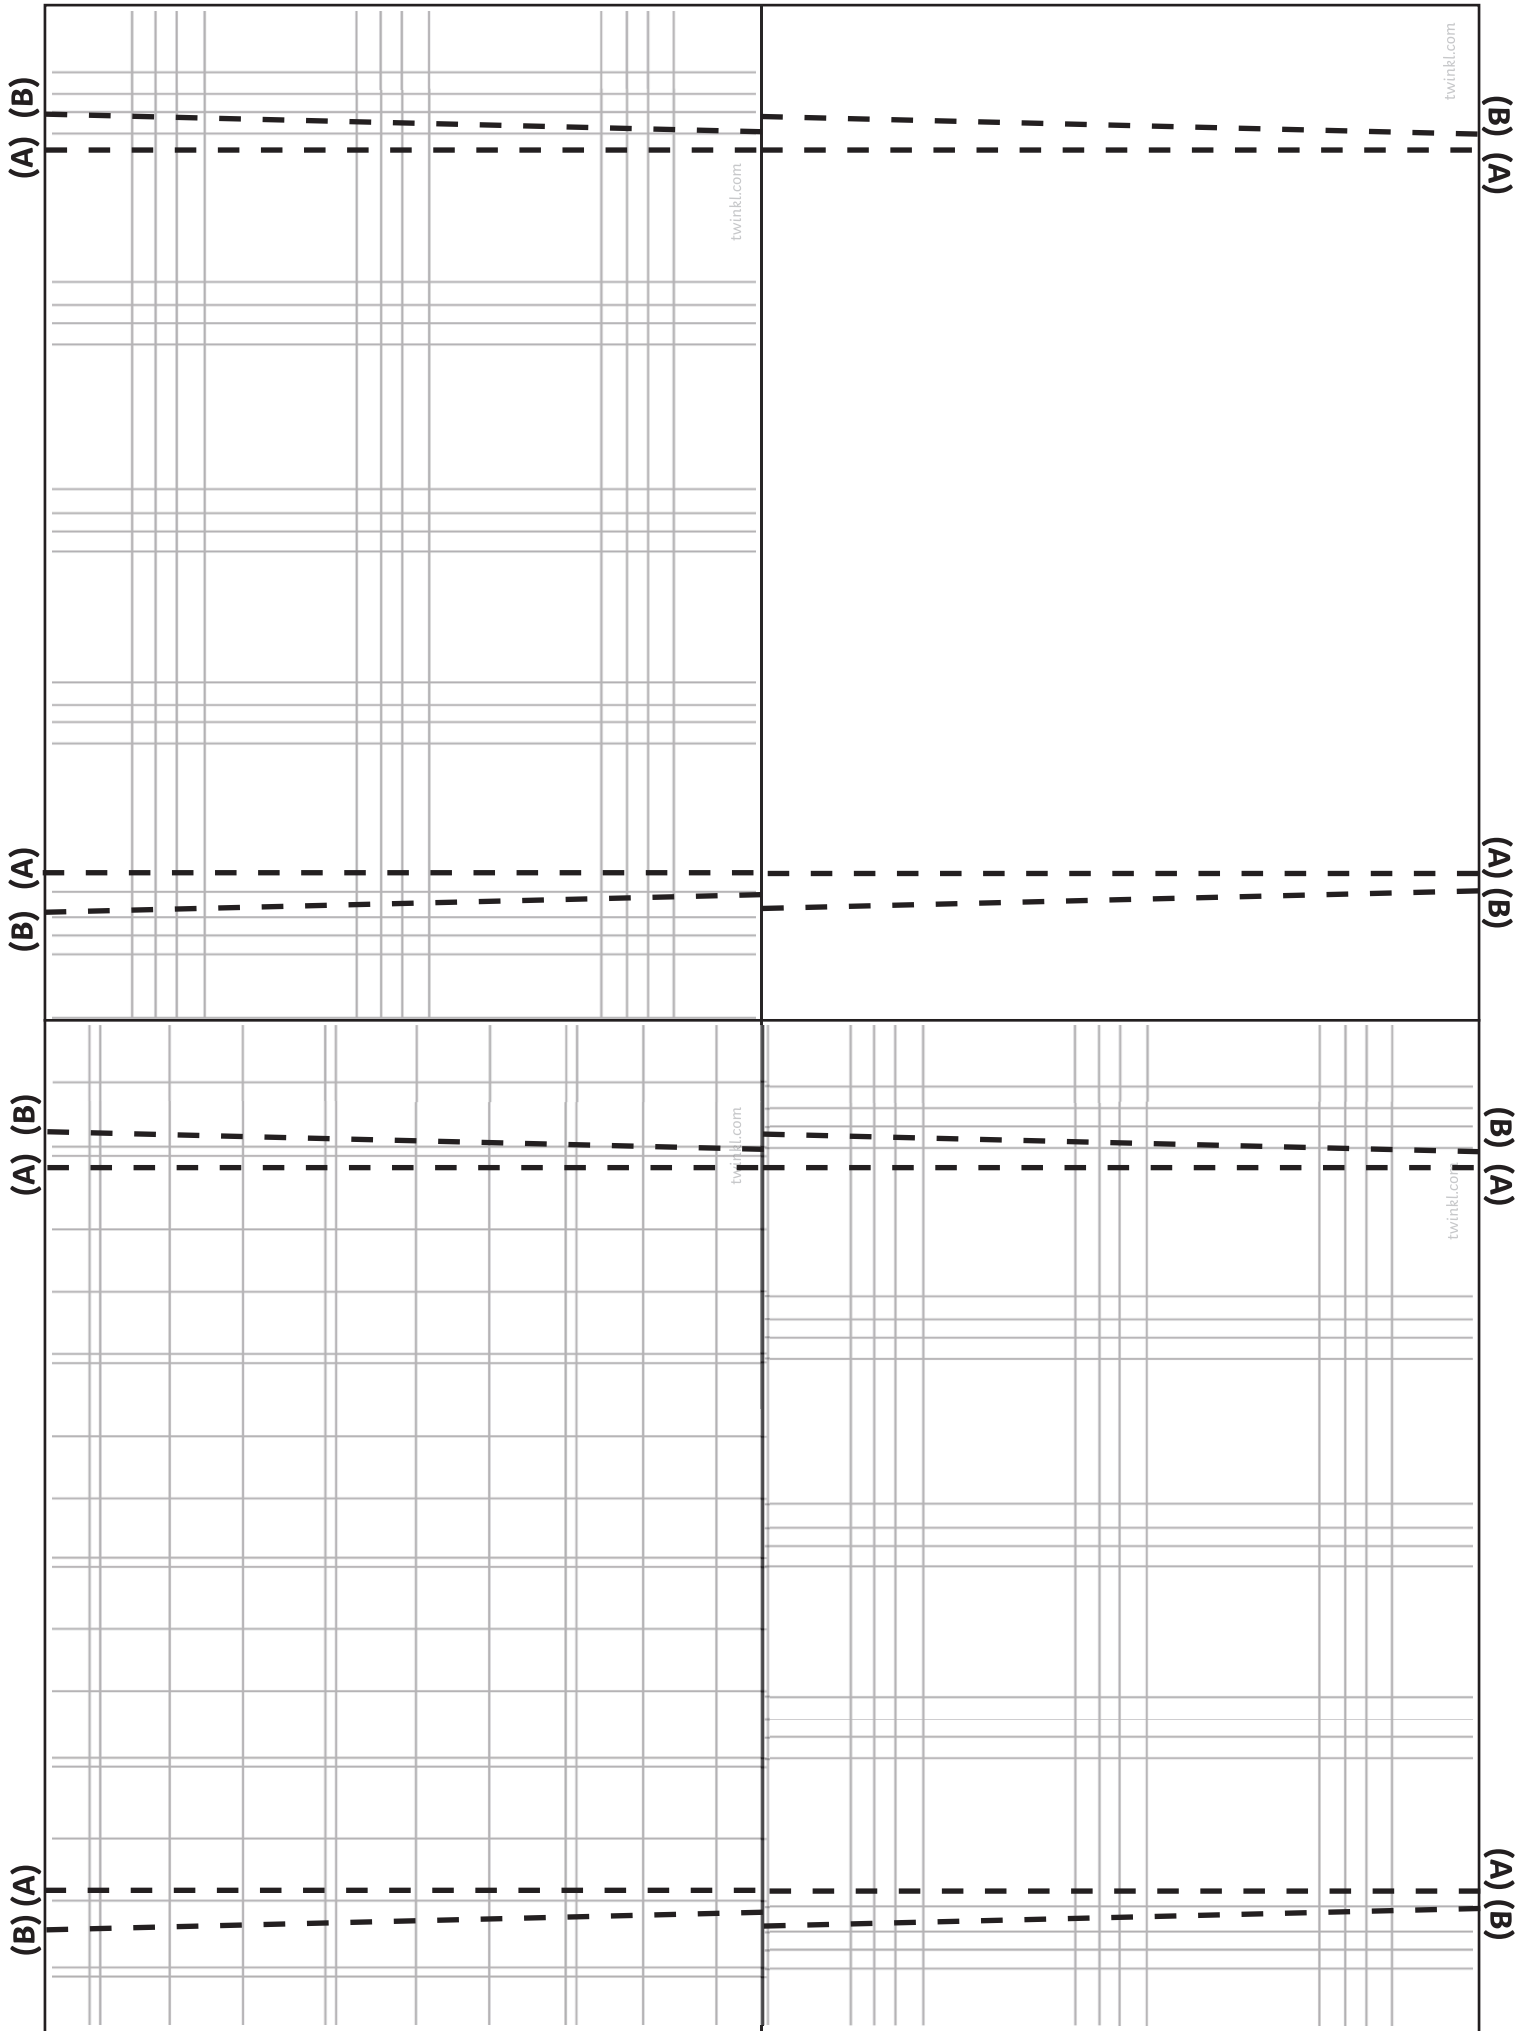

Instructions

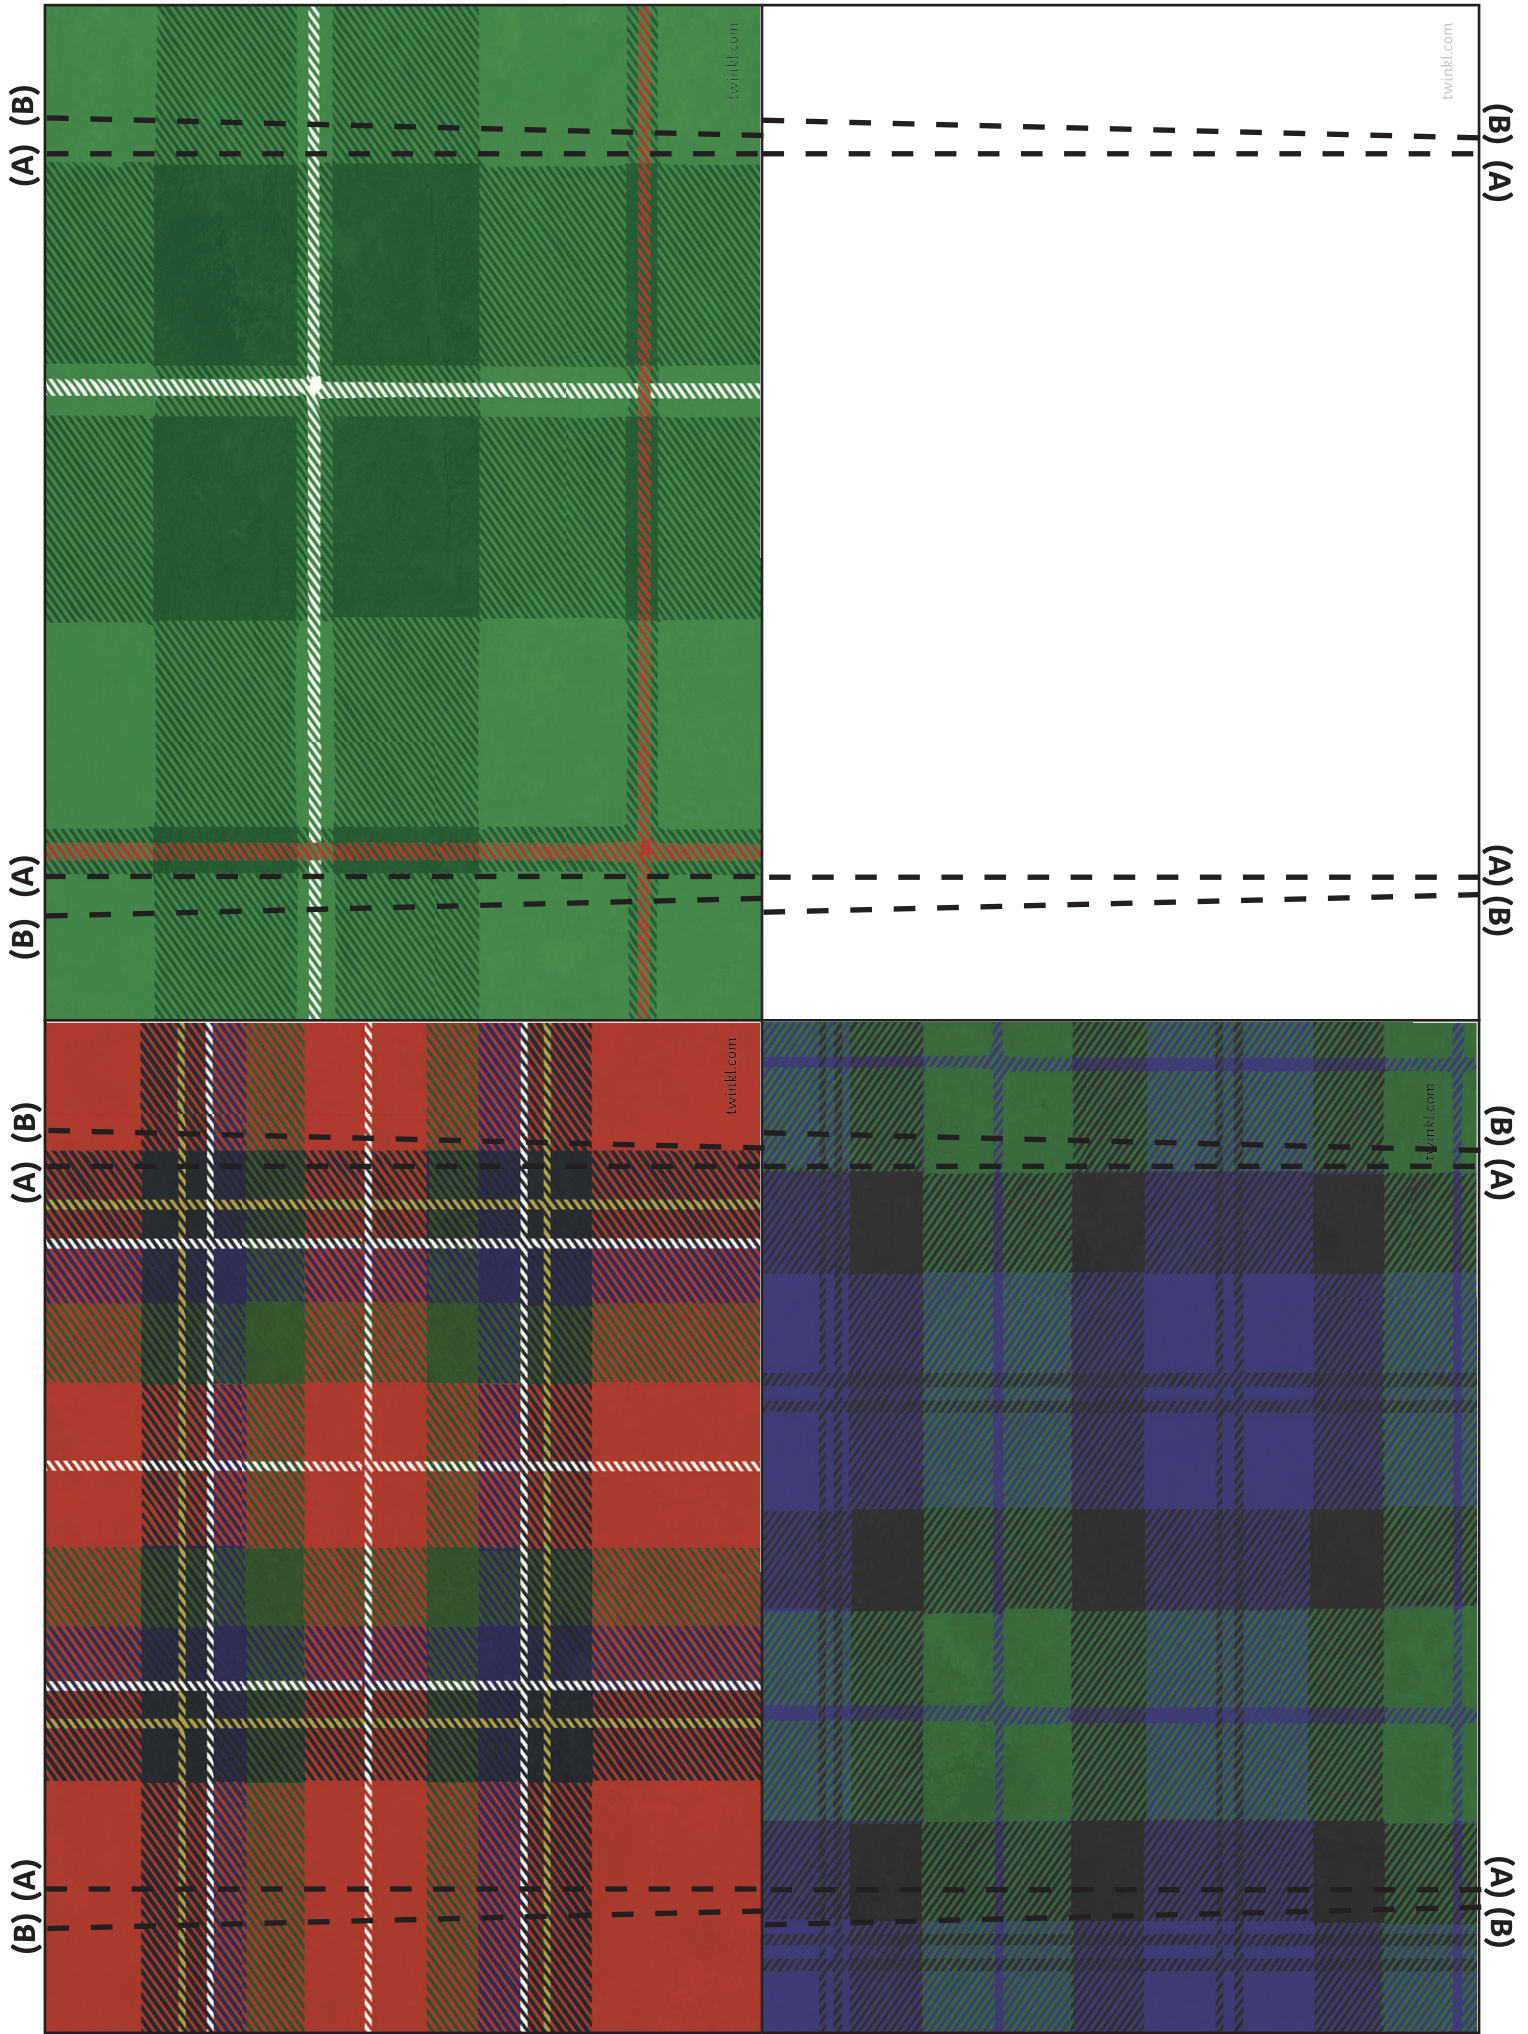

1. Fold your card template in half.
2. Choose your tartan kilt shape and colour it (or use one already printed).
3. Cut out your tartan kilt shape.
4. On fold line A, fold each end of the kilt behind so that your tartan shape is more like a square.
5. Now fold each end out again on fold line B (like a concertina), so that the edge of the tartan kilt shape can be seen evenly at each side. Your kilt should be narrower at the top than it is at the bottom.
6. Glue your kilt onto the front of your card.
7. Cut out your belt and colour it if you need to.
8. Glue your belt shape to the top of your kilt.
9. Cut out the sporran and colour it if you need to.
10. Glue the sporran to the front of the kilt.

Just to be different, you could add a sporran chain using thread or foil. You could make the sporran out of different materials. Your card is now ready!
