

Age-Related Standards (3-11)
in
Religious Education

This information outlines the Age-Related Standards (3-11) in Religious Education.

This is what teachers use to assess if a child is working at the expected standard for their age.

Standards and skill areas

The Standards are descriptions of what pupils at different ages are expected to be able to achieve by the end of that age-related phase. They are a description of what is expected of almost all pupils by the time they reach the end of a particular age phase.

The age phases for Primary school are:

3-5

5-7

7-11

Skills Guide and Glossary

In addition to the Standards grid below, there is a Skills Guide and a Glossary. The Skills Guide gives some explanation of what is meant by each of the 'skill' verbs. The Glossary provides definitions for key vocabulary contained within the descriptor grid itself.
