

Dear Parent Carer

We are pleased to advise you that Saint Joseph's Catholic Primary School is participating in the **Partnership for Inclusion of Neurodiversity in Schools (PINS)** programme, which aims to create a more inclusive and supportive environment for neurodiverse children within mainstream schools. The support will cover a range of needs, including (but not limited to) ADHD, autism, neurodiversity and anxiety, dyslexia, dyspraxia, dysgraphia, dyscalculia, developmental language disorder, foetal alcohol syndrome disorder (FASD), and other forms of developmental learning differences and needs.

In order to support the PINS project, we would like to gather parent and carer views on the school as a whole. We would encourage all parents and carers to complete the survey as this will inform us how best to support your child's school. You can provide your views by scanning the QR code below or clicking the following link:

[Saint Josephs Catholic School Parent and Carer Survey](#)

The closing date for the survey is Friday 10th May 2024.

As part of the PINS project, we will be visiting school to speak to parents and carers and will forward more details in due course.

We look forward to hearing from you.

Yours sincerely,
