

Holocaust Memorial

Racial Equality and acceptance is important to us as a Catholic school and all of our children fully appreciated the work that we completed on Holocaust Memorial Day in January. This year, we were fortunate to welcome into school such a remarkable lady- Gabriele Keenaghan. She is Jewish and was born in Austria and which meant she was forced to leave Vienna in 1938 to escape the Nazi regime. Gabriele was 10 years old and was part of the Kindertransport that got her safely to England. Her story was an inspiration to our Year 6 children who met her and interviewed her. A remarkable lady with a remarkable story to tell. Thank you Gabriele.

Mental Health Week

The theme of this year's Children's Mental Health Week was Growing Together. Children took part in activities which allowed them to discover how to grow emotionally and find ways to help each other grow. The week also helped them to reflect on what to do if they were to get anxious and worried about things and who they could speak to to help to conquer their worries. They designed and made their own worry boxes in classrooms where they can send messages asking for guidance and support. We made time for a spot of yoga too! Being healthy is all about being safe too so we also attended a special assembly about keeping safe and having healthy relationships when on the internet and using electronic devices.

Sporting Success

We have certainly been busy in the Nicholas Postgate Catholic Academy Trust sporting competitions. Children across KS2 have taken part in many different

competitions. We have been successful in being winners of NPCAT basketball and cross-country tournaments as well as close runners up in football and netball events. It is always the way in which our children take part and compete that pleases us most! We are very proud of our sporting achievements and look forward to taking part in more festivals coming up!
