Do you have any comments you would like to add about the strengths of our school?

- I think now Mr Bennet is head the school is fantastic!
- Excellent staff and brilliant teaching and the children have fun as well as learning
- Brilliant new headmaster!
- F***** loves school and his teacher Mr Cara , he is brilliant with the children. Freddie loves going to school on a morning and looks forward to treats when he is good.
- I like all the activities like children in need the children have been doing this year.
- Since Mr Bennett has taken over as head teacher I feel our school has been a much happy place. I think he's doing an amazing job. I think all the charity work we have been doing lately is fantastic.
- New leadership is absolutely fantastic. The difference in how happy the children are can be seen already. My child is so much more excited about going to school each day
- Sometimes the kids are pressured into doing too much work as well as homework/reading and tests
- Excellent, my kids enjoy coming to school
- I feel like since new head teacher the children are enjoying school a lot more as getting more involved in fun days which at this moment in time it's much needed
- Lovely school always trying their hardest for the children !
- The booklets school provided were very helpful with the children settling back to school and what to expect going back after long time off.
- Excellent school.
- Prefer the gate drop off at the school and staggered start times, I know this was due to covid but it might be something to look into in the future
- The school and staff create an inclusive, caring environment with a desire to develop and get the best from our children.
- The school always puts the children first, they provide them with an exciting and fun curriculum that keeps them engaged in their learning. Each staff member is approachable and always happy to help in anyway possible. I'm so please with the new Head, he has brought some much fun and life into the school that my older children wish they still attended

Do you have any suggestions of any improvements we could make to our school?

- Support plans should be identified by all staff including supply. Issues should be supported on a long term bandied.
- More after school clubs
- Please can u start to let the children use the toilet as needed I send him with a bottle of water only to have it come home nearly full as they are not aloud to you the toilet when needed I believe they should be able to drink and use the toilet as a basic human right so apart from that I have no complaints
- Ensure that your own behaviour and bullying policy is met and followed up on ensuring that our children safety is priority
- I feel that the children could do with a little bit more recognition for their work/homework. It's hard for parents to work from home and do school work too. We try hard to get the balance right. My child has been so happy and excited to go to school and show his teacher what has done and got nothing back. Which knocks his confidence
- Keep up with fun days I know my child really enjoys them and is excited about them haven't seen this in a long time...keep up the good work 😊
- Making sure nursery carers get the same information of what's happening in school
- More twitter videos, Mr Mr Connelys attempt at Strictly dancing (too funny)
