

Feedback based on the results of the parent questionnaire carried out in Autumn Term 2024

You said	We did	You said	We did
<i>You agreed that the school makes sure the pupils are well behaved.</i>	Staff will continue to ensure that pupils' behaviour is exceptional and will maintain the calm and orderly atmosphere throughout the school.	<i>You agreed that your children are safe at school.</i>	Staff will continue to be quick to sort out any problems that arise: knowing this, helps our pupils to feel safe and happy.
<i>Some of you indicated that you would like to be invited into school more often to be involved in the prayer life of the school</i>	We will continue to offer a stay and pray session for every class once a half term. Each term we will invite classes to lead the whole school community in a celebration of the word and Father John will continue to say mass for the whole St. Pius family in school - the dates and times will be published in the half termly newsletter. Moving forward you are very welcome to join our Key Stage 2 classes at mass each Thursday, where we come together with the parish family. Weekly Stay and Play sessions in the EYFS will continue to take place every Thursday where you can join in with activities which have been set up in the continuous provision and link in with your child's RE lessons.	<i>Some of you were unsure of how as a school we support you as your child's first educator.</i>	Mrs Boyce our Parent Support Advisor has telephoned individual parents/families for further feedback on this and has recorded your views. She is going to share these with Mrs Jackson, Miss Haycock, Mr Bennett & Mrs McClurey. Thank you to those people who took the time to speak to Mrs Boyce - your feedback is very important to us. We will respond to this once we have had time to consider the views put forward.
<i>You agreed that the school supports my child's spiritual and moral development</i>	We will continue to ensure that our pupils contribute to the life of the school and the wider community. We will continue to ensure that our positive ethos which focuses on knowing right from wrong is at the core of our work and that pupils feel cared for by staff who listen and help them to always do their best
