Dear Year 9 Parents

### **Subject option choices**

I am writing with a few updates and reminders about the options process for year 9 students.

I hope you have all had a chance to look at the information and videos on the website that provide details about each of the subjects on offer. This page will of course remain open throughout the options process and is available at this link:

<https://www.oathall.org/year-9-ks4-options/>

The letters informing parents if their child is on pathways B or C have now been issued. If you have not received one of these letters please assume that your child is following pathway A which means that they are expected to select to continue with their language and also select a humanities subject for geography or history. Students who have been studying two languages can select to continue with both and any student may choose to continue with both humanities subjects.

The options form will open on Insight on Monday and will remain open until Thursday 10 February by which time you will need to have this completed. The online parents evening on Thursday 3 February provides a valuable opportunity to talk specifically about option subjects with teachers. If you have not already booked appointments the link is: <https://oathall.schoolcloud.co.uk/>. If you are not able to book with a particular teacher you can email them with a question or to arrange a phone conversation.

Do please contact me if you have any further question

Yours sincerely

Mr Houghton  
Deputy Headteacher
