Headteacher: Mr E Rodriguez MA BSc (Hons)

27 June 2022

Dear Parent

Replacement for **INSIGHT** from September 2022

At the end of this summer term, Oathall, as part of a wider WSCC IT initiative, will be migrating to a new student information management system called **Bromcom**. This replaces SIMS, a product widely used by schools for managing student details, attendance, assessment, behaviour and so forth. Bromcom is a cloud-based system which incorporates other software solutions used by schools (such as online payment).

As you know at Oathall, we have been using a product called **Insight** as a means to allow parents online access to information about their child. From September 2022, we will be replacing Insight with a Bromcom product called **My Child at School or MCAS** for short.

The switch to Bromcom also means we won't be using School Gateway for online payments from September. Instead, we will be using a Bromcom product for online payments.

Whilst there is no action required at this time I wanted to make you aware of this upcoming change. In the next few months we will be sending out more information about how to set up your account for MCAS and the online payment system.

With kind regards

Edward Rodriguez
Headteacher
