3: Animal
Health and
Welfare

Recognise when an animal is unhealthy and identify some diseases.

YEAR
11

Internal assessment

Why do we need to handle animals on a regular basis? When would we not handle animals?

Why do we need to report serious accidents that occur? Who do we need to inform?

Pearson set assignment (PSA)

Why do we need to keep animal accommodation clean and hygienic?

1: Animal
Handling

Learn how to handle birds, reptiles, mammals and farm animals

Risks of handling animals and how to report incidents

2: Animal
Housing
and
Accommodation

Develop skills on how to keep animal accommodation clean

YEAR 10
**BTEC
tech**

This course develops ideas learnt in Science on infection and response and inheritance. Development of practical skills is a key aspect of the qualification and students get work experience working at Oathall Farm and get a first hand insight of how the industry works.
