

Termly Newsletter

Dear Parent,

Welcome to the new academic year and a special warm welcome to our Year 7 parents. Students have made a really positive start to this academic year and present as keen to learn, enthusiastic and happy. We acknowledge as a school that sometimes students will present differently to us compared to how they present at home. Therefore in order to compliment the wellbeing work that we are doing with students and staff this newsletter is designed to provide you with information that could help you to support your child at home.

West Sussex Single Point of Access (SPoA)

The SPoA is provided by Sussex Partnership NHS Foundation Trust's Child and Adult Mental Health Service (CAMHS), West Sussex County Council's Youth Emotional Support Service (YES) and YMCA Dialogue. It provides a simplified single route so that children, young people, families, carers and professionals can be directed to the right service, eliminating the need to refer to multiple services.

Anyone can make a referral to SPoA. In order to make a referral please [click here](#). From here the three services will work together to triage the referral and determine which service is the most appropriate offer for the young person.

Young People's Sussex Mental Healthline

In addition to the SPoA if any one needs to speak to a trained clinician as a matter of urgency there is 24/7 support provided by [Sussex Mental Healthline](#). Their contact number is 0800 0309 500. When a young person calls this number they will put straight through to a mental health trained clinician. If the clinician is on another call, a call back within an hour will be arranged.
