## Statement of intent

At Park View School we understand that computer technology is an essential resource for supporting teaching and learning. The internet, and other digital and information technologies, open up opportunities for pupils and play an important role in their everyday lives.

Whilst Park View School recognises the importance of promoting the use of computer technology throughout the curriculum, we also recognise the need for safe internet access and appropriate use.

Park View School has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

Park View School is committed to providing a safe learning and teaching environment for all pupils and staff, and has implemented important controls to prevent any harmful risks.

This policy will operate in conjunction with other important policies in Park View School, including our Anti-Bullying Policy, Data Protection Policy, Child Protection and Safeguarding Policy, Allegations against Staff Policy and CSE Policy.
