

PCHS Curriculum Information

Course Title: Comms Maths	Exam Board:	Specification Code:
How will students be assessed? Wrat 4 assessment and orally		

KEY CONTENT
Half Term 1 Recap of work done in lessons Integers and decimals, including negative numbers Angle rules - parallel lines and polygons Fractions
Half Term 2 Recap of work done in lessons Algebra - Expanding, factorising and simplifying Types of number - primes, factors, multiples and standard for : Patterns and sequences
Half Term 3 Recap of work done in lessons : Perimeter and area 1 - area and surface area of polygons : Calculating and displaying data 1 Equations and Graphs - solving, rearranging and straight line graphs
Half Term 4 Recap of work done in lessons Fractions, decimals and percentages - converting between all 3 forms and increasing/decreasing using multipliers Perimeter and area 2 - circles
Half Term 5 Recap of work done in lessons Probability 1 Ratio and Proportion : Pythagoras
Half Term 6 Recap of work done in lessons Scatter graphs Real life graphs Transformations
