

Strangers and Safer Strangers

Sometimes we go out.
When we are out, I have to stay with

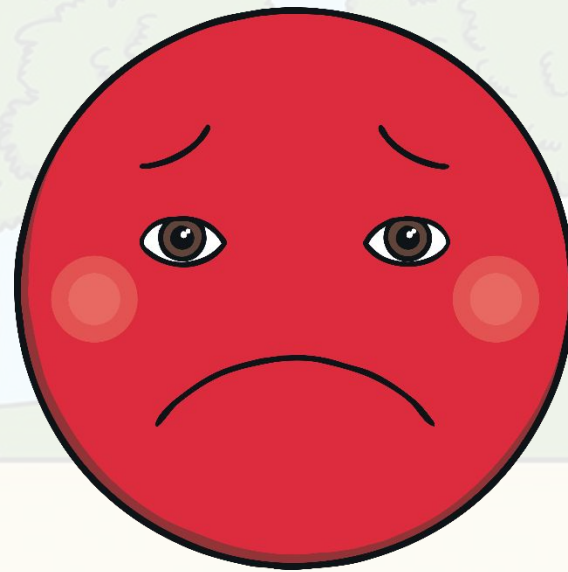

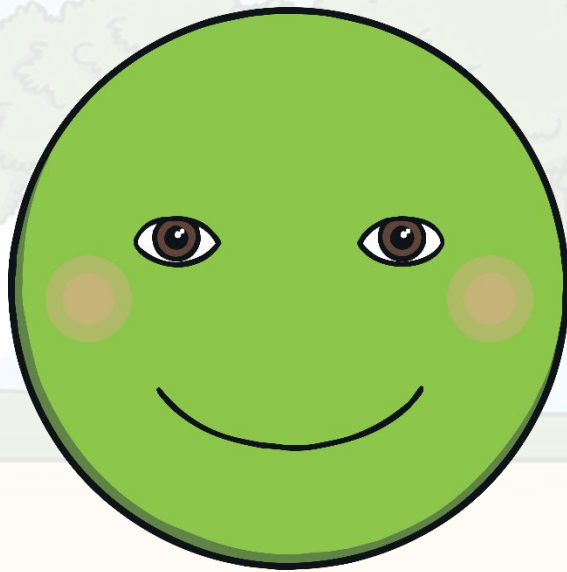

When we are out,
there are lots of people.

People I don't know, are called strangers.

Strangers can be nice.

Strangers can be mean.

I shouldn't talk to strangers.

There are some strangers who are 'safer strangers'.

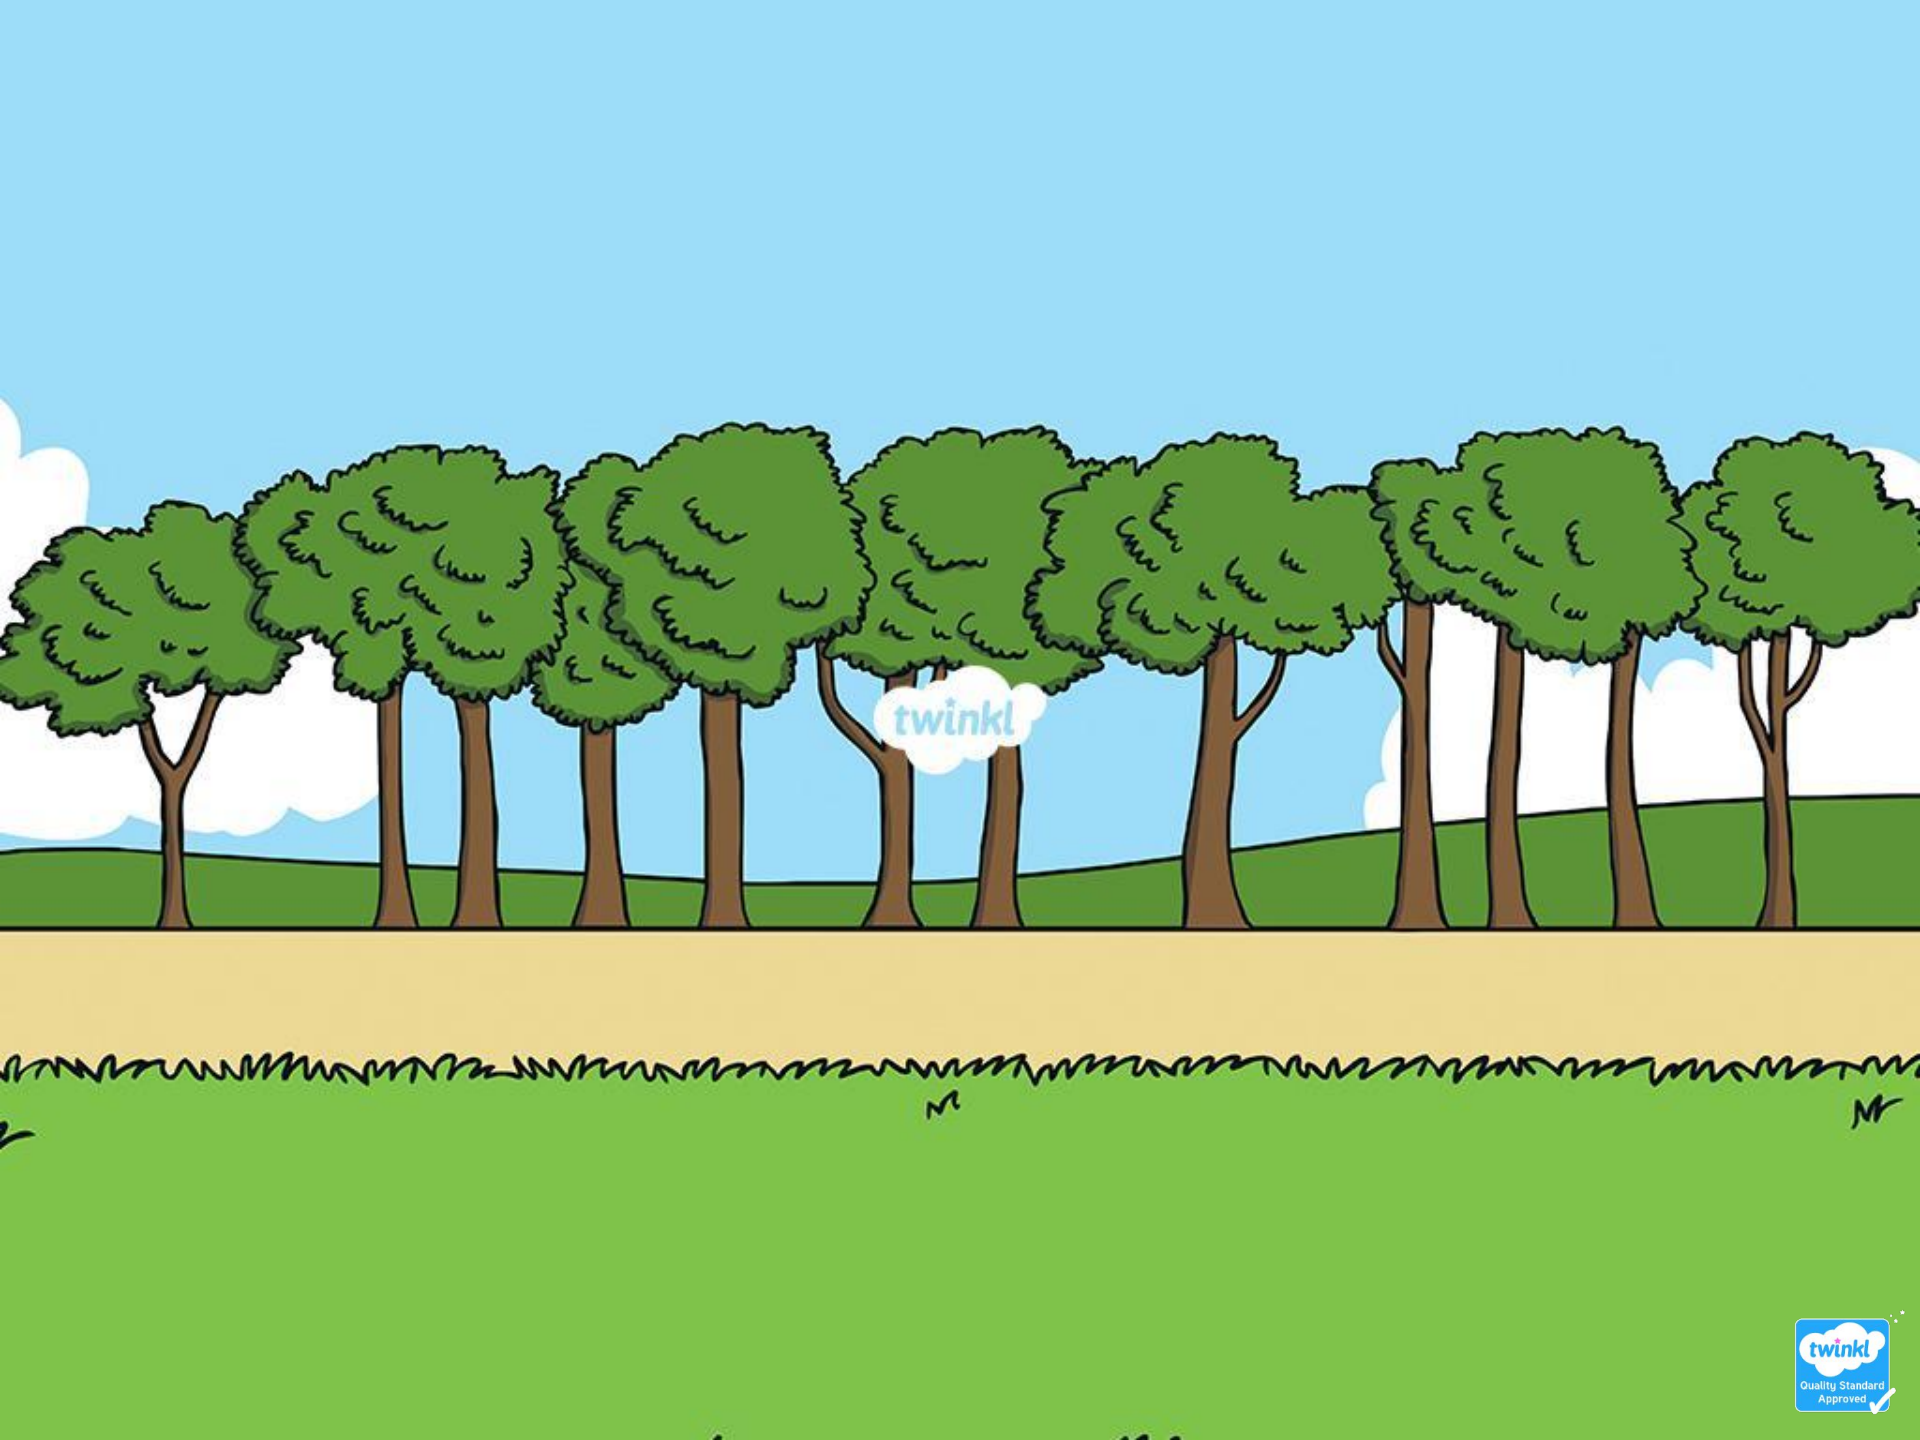

Safer strangers can help people.
These are people I can talk to.
These are people who will help me if I get lost.

Safer strangers will wear a uniform and a name badge.

If I am lost, I will look for a
'safer stranger'.
They can help me.
