Head Teacher: Jayne Ogle

Dear Parents and Guardians,

Please find information about the Year 4 Multiplication Tables Check (MTC) attached to this letter.

This is an online test that will happen in June, to assess children on their times tables up to 12 x 12.

To support children in practising their multiplication tables, I would like to invite children to come to Breakfast Booster sessions at 8:20 every Tuesday and Thursday until the MTC takes place in June. Children will be able to practise their tables, whilst sharing a breakfast snack and drink.

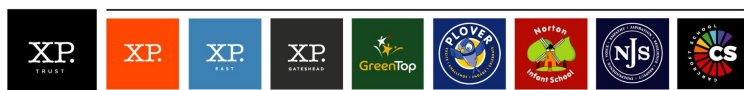

In addition to this, I will be holding an information session on Thursday 20th April to give more information and make suggestions for how to support your child.

In the meantime, please encourage your child to go onto Times Tables Rockstars every day and have a go at the different games, especially the 'soundcheck'.

For more information, please contact me in school or via my email address; agraves@ploverschool.co.uk.

Yours sincerely,

Angela Graves
Assistant Head and LKS2 Phase Leader
