

KS4		
Project	Dates	3D Design - Year 10
Project 1 'Passive amplifier'		<p>Students will explore how sound is amplified within natural forms. Using this knowledge they will look at existing amplifier designs before designing and constructing their own final outcome.</p> <p>Students will work with: Wire, card, modroc, wood, foam, plastic and paper.</p> <p>Artists looked at: Chris Ortiz (students will also be given the opportunity to look at their own chosen designer).</p>
Project 2 'Extreme Architecture'		<p>Students will be provided a choice of four extreme climates / terrains which they will have to design a building for.</p> <p>Students will look at a range of architects including: Zaha Hadid and David Adjaye. In addition to practicing architects students will explore architectural styles from around the globe.</p> <p>Students will work with card, paper, plastic, wire and wood to develop their final designs.</p>

NB: As this is the first year running the course, there is no Year 11 until September 2022
