YEAR 11 WORK EXPERIENCE

Kajus, Shaheer and Cristian from Rokeby went to [Make Architects](#) in Central London over the half term break to experience the world of work.

Here's what Shaheer had to say:

"I greatly enjoyed my work experience at Make Architects. We had our own desks with everything we needed to draw and plan our work as well as colleagues and employers nearby just in case we needed any help or further explanation. The environment was very casual, being able to take breaks if we needed and even a snack place where you can take snacks and drinks to your desk while working. I truly understood and enjoyed the experience of working as an actual architect within the company and it has really helped me understand the different skills needed to become an architect and gave me insight to the engineering industry as a whole and would happily go through it again if I had the chance. Overall a great place with great people and great experience."
