MAYOR OF LONDON SADIQ KHAN VISITS ROKEBY SCHOOL

Mayor of London Sadiq Khan visited Rokeby School to mark the launch of a toolkit designed to empower young people to stand up against misogynistic behaviour.

This week, Rokeby School had the pleasure of hosting the Mayor of London, Sadiq Khan! The visit took place to celebrate the work of the Student Equalities Group and to celebrate the launch of his new [education toolkit](#) which helps teachers and students across London tackle sexist and misogynistic behaviour.

On the day, Rokeby Students took part in a workshop on male violence led by [Tender](#) and they discussed The Mayor's award-winning campaign film, "[#HaveAWord](#)".

The Mayor and his team were incredibly impressed by the quality of the discussion and commended the students for their maturity, awareness and passion for social justice. Parts of the discussion were broadcast on live radio and the [BBC news](#).

A massive well done to the following students for their involvement and for being an inspiration to us all!: Taylor John-Baptist 8B, Jacob Chworotowski 8Y, Ricardo Yearsley 8Y, Bailey Jamieson 8Y, Jorge Miguel Das Neves Dos Reis 10B, Alex David Lopes Barrett 10R, Amanveer Singh Rator 11E, Brendon Fereku 11R and Zubair Ahmed 11E.

Respect, Success, Passion for Learning, Personal Challenge & Harmony

YEAR 10 STUDENTS ATTEND LONDON CITY AIRPORT STEM IN AVIATION EVENT

Students from our Year 10 STEM programme had the opportunity to attend the STEM in Aviation Event held by London City Airport and ELBA at the ExCel Centre on Friday 4th November 2022.

The students were given the opportunity to learn more about STEM in different professional contexts, as well as developing their own STEM skills. They were also able to gain an insight into the work that is done by companies such as Boeing and Accenture.

Here are some words from Tamzid (Student Leader) and his thoughts on the trip.

"This trip was without a doubt very engaging, entertaining and informative, it consisted of four sessions, all of them being really fun and interesting. To begin with, we had a very warm welcome from everyone from City Airport and we were then sent for our sessions. In the first session, we had to make a wooden airplane and adjust it so that it would glide properly. In the second session, we learned about hydrogen powered airplanes in the future and how they were going to work and be designed. The third session was by far one of the most engaging ones, we were provided with paper in order to make a paper airplane, after that we raced them, it was a very entertaining experience. We then had a very nice lunch which we were all able to enjoy. In the fourth session we spoke about business in airports and engineering. At the end of the four sessions, a competition was held. We had to design our own airports, and different things that will help the airport such as bathrooms, solar panels, fountains, etc. At the end, all of the presentations were evaluated by judges. Overall it was a very informative trip that made me learn loads of new and interesting information as well as entertain me and I know that it was the same for everyone as well. Thank you to everyone involved"

U16 LONDON YOUTH GAME RUNNERS UP

Congratulations to the Year 11 Basketball team for their brilliant performance in the London Youth Games competition.

After beating five teams, the Rokeby Basketball team narrowly missed out on the top spot, losing by one point. Special shout out to players of the match Gideon Adu Acheampong and Linas Petkas for their emphatic performances.

LITERACY STUDENT READING MENTORS

Student Reading Mentors in Year 8 and 9 have started reading with younger students to support them with their reading fluency and comprehension.

The Reading Mentors are giving up their own time before school and are excellent at encouraging their younger peers. To all involved, keep up the good work!

Ms Hendrickson
Assistant Headteacher

OPEN DAYS 2022-2023 FOR PLACES TO STUDY IN NEWHAM

Please regularly check the sixth form/college websites to confirm dates and times of open events, as they may be subject to change, and new dates may be added. Some institutions will offer virtual events, others may offer in person open events or the option for both. Make sure you fill out enquiry forms on the school websites to stay up to date with open event information.
