INSPIRING FUTURES WORKSHOP

On Wednesday 9th November 2022, Year 7 took part in the first Inspiring Futures workshop which was delivered by the FCA (Financial Conduct Authority). Students had a chance to work with colleagues from the FCA and learn about developing work-related skills.

“We worked with the FCA and took part in a workshop. The workshop involved teamwork, stress-relieving games such as word searches and house of cards.”

“We remember things such as doing north, west, south and east which all show different personalities. We picked one of them which shows our personality.”

We took part in house of cards, in which we had to balance cards together, wordsearch, a memory game, in which we formed a strategy and were successful.

And we did riddles which we all worked together and completed. They were all generally stressful for us, but working together solves the problem.”
