

KS4	
Project	3D Design - Year 11
<p>Project 1 'Take a Seat'</p> <p>September - January</p>	<p>Students will develop ideas and construct a chair based on their investigations into the work of Charles Rennie Mackintosh. They will then study form through the medium of observational drawings in which they can devise shapes and structures to influence their own chair designs.</p> <p>Students will work with: Wire, card, wood, foam, plastic and paper.</p> <p>Artists looked at: Charles Rennie Mackintosh / Alvar Aalto / Eileen Gray / Charles & Rae Eames, plus students own independant studies.</p>
<p>Externally Set Assignment.</p> <p>January - May</p>	<p>Students will begin their externally assessed assignment from the 16th January until their 10 hour supervised period. 3D Design exams will fall on the week beginning 01st May 2023.</p> <p>The externally assessed assignment is set by our exam board AQA in whcih the student must create a body of work fulfilling all four areas of the assessment criteria;</p> <p>AO1 - DEVEOPMENT: Develop ideas through investigations through the means of; artist analysis, contextual research, mind maps and mood boards, artist responses.</p> <p>AO2 - EXPERIMENT & REFINE: Selecting appropriate media to explore, experiment and refine ideas that links to artists and themes studied in AO1/3.</p> <p>AO3 - RECORDING: Recording ideas insights and observations through sketching, photography and written annotation.</p> <p>AO4 - PRESENT: To present a meaningful and personal response that realises intentions and demonstrates an understanding of visual language.</p>
