

Language Leaders Teach Spanish to Primary School Students

On Thursday 25th May, five Y9 Language Leaders carried out their first of two visits to Star Primary School and New City Primary School to teach Y5 and Y6 students Spanish. The boys were well prepared and enjoyed delivering their lessons on countries, greetings and numbers. The lessons were well received by the primary school students and the boys are already looking forward to their second lesson after half term.

Daniel (9B) said he felt "exhilarated" after the lesson. Well done, Language Leaders!"

If you are interested in becoming a Language Leader please see your MCFL teacher.

Mayor's Fund Social Kitchen at Rokeby

Huge thanks to Newham Sports Club for running our half term sports programme at Rokeby School. Our students got to come to school each day to play sport, meet up with friends and have a hot meal. They also got to take away a Take & Make box courtesy of the Mayor's Fund For London Social Kitchen initiative - a healthy food and social development offer for children and young people during the school holidays.

It's all about recycling at Rokeby School

This homework task required students to collect toilet paper rolls and create a cityscape. Among the submissions, Furqan's work stood out as truly exceptional. With meticulous attention to detail, Furqan constructed an extraordinary cityscape that showcased his creativity and craftsmanship. Well done Furqan - our futuristic engineer!

Greenhouse Table Tennis Camp

We are delighted to continue our partnership with Greenhouse Sports to develop Rokeby School as a table tennis centre of excellence. Our boys were invited to a half term development camp to improve their skills. Greenhouse Sports uses sports coaching and mentoring to empower young people and help them unlock their full potential.

23rd May 1951: China formally annexed Tibet as an autonomous region on this day in 1951, giving rise to a Tibetan independence movement - led by the Dalai Lama, winner of the 1989 Nobel Peace Prize - that continued into the early 21st century.

24th May 1883: A brilliant feat of 19th-century engineering, the Brooklyn Bridge - spanning the East River from Brooklyn to Manhattan Island in New York City - opened this day in 1883, designed by civil engineer John Augustus Roebling.

Y10 Football Team News

The Y10 football team ended a very successful season with a friendly match against The Royal Docks Academy. The game was evenly matched and Rokeby were unlucky to concede in the last minute. The score, 3-2, did not reflect the battles being won on the pitch.

Man of the match went to Bangali 10E - well done for scoring one of the goals. Fred 10O scored the second goal. We are looking forward to another good season in the new academic year.

We are part of NCL Trust

Our six schools in the west of the London borough of Newham are thriving, with very positive outcomes, which makes us one of the highest performing Trusts in the country. We have a shared commitment to working together to provide a world-class education for young people in Newham and to further developing as centres of excellence for teaching and learning.

We are highly ambitious for our students and believe that every young person can succeed. Our students are supported by our committed team of teaching and non-teaching staff, all of whom are encouraged to pursue their own learning and professional development across our schools. Our schools all provide safe, calm learning environments, where all members of the school community treat each other with kindness and respect.
