Geography Learning Journey

How do we manage resources in the UK?

What are the causes and effects of tectonic hazards?

What is economic activity?

Pre-Release Revision

The Challenge of Resource Management

The Challenge of Natural Hazards

The Changing Economic World

Should/shouldn't something happen?

What is water insecurity?

What are the causes and effects of weather hazards?

What are the key features of the UK's landscape?

How do rivers shape the landscape?

How do we collect, present and analyse data?

Physical Landscapes in the UK

Fieldwork

11

How can urban areas be more sustainable?

How do waves shape the landscape?

Urban Issues and Challenges

Lagos vs Manchester

How are ecosystems interdependent?

What are the causes and effects of climate change?

The Living World

10

What is the future for the planet?

Are we prisoners of geography?

What are the features of urban areas?

How can we manage ecosystems?

What is the geography of different world regions?

How does ice shape the world?

How do we use the ocean?

What are the Sustainable Development Goals?

Why are oceans important?

9

What is development?

Why is Asia so diverse and dynamic?

How is Asia being transformed?

How can we protect our oceans?

What is the development gap?

How do we measure development?

How do glaciers shape the landscape?

How can we manage populations?

How do waves shape the coastline?

What happens at plate boundaries?

How do we collect data?

What is Shevington Like? Fieldwork

How are populations changing?

What happens where land meets the sea?

Can we ever know enough about volcanoes and earthquakes?

How do we create geographical enquiries?

Where does everyone live? Why?

How can we protect our coastlines?

How do climates vary across the world?

How can we manage flooding?

How do we measure rivers?

What is the climate of the UK?

What is weather and climate?

Why are rivers important? Fieldwork

8

How do rivers shape the landscape?

How do we measure the weather?

How do we use our planet as a natural resource?

How can we locate places around the world?

What is globalisation?

What is an economy?

Are we using too many natural resources?

What is a geographer?

7

How does the UK trade with other countries?

How can we use natural resources sustainably?

How do we use OS maps?

Introduction to Geography
