

# GCSE 3D Design- Year 10 Term 1.1(Exam Board AQA)

<b>Unit of study- Mosaics Artist Research and Observations</b>		
<b>Specification</b>  AO1: Develop ideas through investigations, demonstrating critical understanding of sources.  AO3: Record ideas, observations and insights relevant to intentions as work progresses.	<b>Aims &amp; Objectives:</b>  To revise key knowledge so that you can recall and use key terms and knowledge accurately within component 1.  To demonstrate the ability to use a range of drawing skills through observational study.	<b>Revision links:</b>  <a href="#">Term 1A Knowledge organiser</a>  Tasks you could complete independently: <ul style="list-style-type: none"><li>• Completion of outstanding work.</li></ul>
	<b>Types of tasks to expect:</b> You will be set a task to complete based around an observational study of your chosen artist. You will demonstrate a range of drawing skills by way of showing your investigation.  You will be set a research task to take photos of lighting. You will need to go to different stores and take photos of lighting. This will then need to be presented as a moodboard.  You will also need to complete any outstanding work from the lessons.  <b>Where?</b> Observational Study- A printed copy of the homework will be provided for you. This will also be available in Google Classroom  Research task- Assignment and google slides will be provided on the google classroom.  Homework will also be posted on ClassCharts.  <b>When?</b> The observational study will be set once a half term (week 3) and this should be submitted during the last lesson before half term (week 7).  <b>Feedback</b> Detailed feedback and DIRT will be provided where appropriate.
