Alternative Provision

Provisions You Might Get to Try at the Academy

BASE

In BASE we give that little bit extra support to students for a variety of reasons. You may have one-to-one time with staff or be part of a group to develop teamwork, social skills, communication skills, self-control and other personal skills.

Forest School

In Forest School sessions, you get to learn outside as part of a team. You learn about the outdoor environment and how to safely use knives and other tools and how to cook on open fires. You also develop your confidence, teamwork and social skills amongst others.

Grow3 and Grow4

In Grow, you get to take part in gardening and landscaping as part of a small group. As part of this, you get to grow fruit and vegetables then learn to cook with them. As well as practical skills for life, you will improve your confidence, social skills, teamwork, resilience and determination.

The Everest Challenge

Every two years, a small group of students get to climb a number of mountains around Britain that in total equal the height of Mount Everest. As well as getting these amazing experiences, you will develop your determination, perseverance, teamwork, confidence, self-esteem and much more.
