- 5+ E&M has improved by 17% since the introduction of this measure in 2017
- Disadvantaged students 4+E&M has improved by 27% and is above the national average for disadvantaged students.
- Disadvantaged students 5+E&M improved by 8% since 2017 and is above the national average for disadvantaged students
- 'Other' students 4+ E&M has improved by 42% and is above the national average.
- 'Other' students 5+E&M improved by 21% since 2017 and is above the national average.

Although students with low prior attainment make good progress, students with Special Educational Needs have not achieved in line with expectations given their published KS2 outcomes. More students with SEND achieved the key threshold measures of grade 5 and grade 4 in both English Maths in 2020 and 2021 but overall progress remains a key priority for improvement.

Our students, including those with Special Educational Needs, are well prepared for the next stage of education, employment or training with NEETs figures consistently at or close to zero. The consistent effectiveness of our work in preparing our students for positive destinations is recognised in our status as Lead School for the North Derbyshire Careers Hub and our Careers Mark Platinum Award.
