

SIMON BALLE ALL-THROUGH SCHOOL

CHILD PROTECTION POLICY

First Issue: July 2016

Last Review: October 2021

Next Review: October 2022

(This policy is reviewed annually by the Governing Body and termly by the Safeguarding Team)

Committee Responsible: Full Governing Body

Safeguarding is defined as: protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

Simon Balle All-through School is totally committed to ensuring that safeguarding is seen as everyone's responsibility. As an all through school we are in a unique position and therefore are at the heart of our local community, as we work and educate children and their families, from infancy to young adulthood. Keeping all children safe drives all that we do; as we "create tomorrow's citizens today", we need our young people to trust the school, and understand not only how to keep themselves safe, but the importance of the safety of others. The values we teach of dignity and trust must be recognised as imperative and at the heart of any community if individuals are to feel safe and flourish. Safeguarding is the responsibility of everyone who is on our site, who uses our systems or who works with our young people. As an all through school our safeguarding principles and policies are relevant for all of our students, whilst some practicalities will need to be age appropriate.

However whilst never complacent, we pride ourselves upon our restlessness and commitment as we work daily with families and individuals to create a safer and more just society. This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school. In particular, this policy should be read in conjunction with:

- our overarching safeguarding principles
- the behaviour for learning policy;
- the staff code of conduct;
- the safeguarding response to children who go missing from education;
- the role of the DSL (including the identity of the DSL and any deputies):
- Our rigorous approach to safer recruitment
- Whistleblowing policy

Copies of policies and a copy of Part one of KCSiE are provided to staff at induction

Simon Balle All-through school believes that any child or young person should never experience abuse of any kind. We have a responsibility to promote the welfare of all young people and ensure that every one is kept safe, through effective practice.

The absolute need to keep children safe, in other words, safeguarding, drives all that we do, all of the time. This statement is the forward and context for all of our work and as such

is the “umbrella” statement that wraps around all of our policies and indeed practice and states our values and ethos.

The purpose of this statement and subsequent policies is:

- To protect all young people who are at Simon Balle All-through School
- To ensure that every adult understands our overarching principles to safeguarding and how it is of the uttermost importance
- To inform all of expected practice

Our policies apply to all staff, including senior leaders and governors, paid staff, volunteers, sessional workers, agency staff, visitors, students or anyone working on behalf of Simon Balle All-through School.

We will seek to keep all children and young people safe by:

- Valuing them for who they are, listening to them and respecting them
- Adopting child protection practices through policies, procedures and a code of conduct for all staff and volunteers
- Recruiting staff and volunteers safely, by adhering to the safer recruitment process
- Developing and implementing an effective e-safety policy and ensuring effective filters and monitoring of IT systems
- Keeping informed on the national and local dimension including the “Prevent” strategy
- Sharing information about child protection and good practice with children, parents, staff and volunteers
- Not being afraid to confront poor practice

Appendix 1	Link to Keeping Children Safe in Education (KCSIE) DfE, 2021 <ul style="list-style-type: none"> ● Part One or Annex A: Information for all school and college staff ● Annex B: Further information ● Updates from KCSiE (DfE, 2021)

1. INTRODUCTION

Safeguarding is defined as: *protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.* (**Working Together to Safeguard Children**, (DfE, 2018), p6)

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the whole school staff and volunteers. All staff should be aware of systems within their school or college which support safeguarding, and these should be explained to them as part of staff induction. This should include the:

- child protection policy, which should amongst other things also include the policy and procedures to deal with peer on peer abuse;
- behaviour policy (which should include measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying);
- staff behaviour policy (sometimes called a code of conduct);
- safeguarding response to children who go missing from education; and
- role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).
- copy of Part One Keeping children safe in education (2021) and should be signed to say it has been read and understood.
- Annex A, condensed version of Part one of KCSiE (DfE 2021). It can be provided (instead of Part one) to those staff who do not directly work with children.

Purpose of a Child Protection Policy

To inform staff, parents, volunteers and governors about the school's responsibilities for safeguarding children.
To enable everyone to have a clear understanding of how these responsibilities should be carried out.

Hertfordshire Safeguarding Children Partnership Procedures

The school follows the procedures established by the Hertfordshire Safeguarding Children Partnership (HSCP); a guide to procedures and practice for all agencies in Hertfordshire working with children and their families.
<https://hertsscb.proceduresonline.com/index.htm>

School Staff & Volunteers

All school and college staff, including supply staff, volunteers and contract workers have a responsibility to provide a safe environment in which children can learn.

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training, including online safety (which is updated regularly – Hertfordshire Safeguarding Children Partnership advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition, all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Supply staff, contractors and volunteers will be made aware of the safeguarding policies and procedures by the DSL, including The Child Protection Policy and Staff Behaviour Policy (code of conduct)

**Implementation, Monitoring
and Review of the Child
Protection Policy**

The policy will be reviewed at least annually by the governing body and monitored via the safeguarding team. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the DSL and through staff performance measures.

2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Children and Social Work Act 2017
- Education Act 2002 (Section 175/157)
Outlines that Local Authorities and School Governing Bodies have a responsibility to “ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils”.
- Hertfordshire Safeguarding Children Partnership Procedures Manual (Electronic)
- Keeping Children Safe in Education (DfE, September 2021)
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74, Serious Crime Act 2015)
- Anti-social Behaviour, Crime and Policing Act 2014 (makes it a criminal offence to force someone to marry. Includes taking someone overseas to force them to marry (whether or not the forced marriage takes place).
- Serious Violence Strategy 2018
- Sexual violence and sexual harassment between children in schools and colleges (DfE 2017)

3. THE DESIGNATED SAFEGUARDING LEAD

The Governing Body will ensure an appropriate **senior member** of staff, from the school **leadership team**, is appointed to the role of DSL.

During term time the DSL and one of the Deputies will always be available (during school hours) for staff in the school to discuss any safeguarding concerns and individual arrangement for out of hours/out of term activities will be

Children's Services – 0300 123 4043

SOOHS (Out of Hours Service-Children's Services) – 0300 123 4043

The DSL for Child Protection in this school is:

Leon Brown

The Deputy DSL for Child Protection in this school are:

James Pooley / Rachel Kirk / Lucy Owen

Lead - Prevent

Mike Moss (Deputy Headteacher)

The broad areas of responsibility for the DSL are:

- Managing Child Protection Contact Referrals and cases
- Contacting the Child Protection Consultation Hub when advice is needed regarding child protection concerns which possibly meet the threshold for statutory intervention
- Completing Child Protection Contact Referrals for all cases of suspected abuse or neglect where there is a risk of significant harm to the child/young person, Police where a crime may have been committed and to the Channel programme where there is a radicalisation concern
- Liaise with the Head Teacher to inform her of issues, especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a Child Protection Contact Referral by liaising with relevant agencies
- Support staff who make Child Protection Contact Referrals and other service referrals

- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.
- Ensure they have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child or those currently working with a social worker.

Training KCSiE (DfE, 2021)

The DSL should undergo formal training every two years. The DSL should also undertake Prevent awareness training every 3 years. In addition to this training, their knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments) at least annually to:

The designated safeguarding lead should undertake Prevent awareness training. Training should provide designated safeguarding leads with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly children's social care, so they:

- 1) Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- 2) Have a working knowledge of how Hertfordshire conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- 3) Understand the importance of the role the designated safeguarding lead has in providing information and support to children social care in order to safeguard and promote the welfare of children
- 4) Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- 5) Are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- 6) Understand the importance of information sharing, within the school and with the safeguarding partners, other agencies, organisations and practitioners
(Full details in Chapter one of **Working Together to Safeguard Children**)
- 7) Understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
- 8) Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school

9) Can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online

10) Obtain access to resources and attend any relevant or refresher training courses and encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

Raising Awareness: The DSL (DDSL) should:

- Ensure all staff including part time, contractors, volunteers and supply staff are aware of the school policies, that these are understood and used appropriately.
- Work with the governing body to ensure that the school's child protection policy is reviewed annually, and the procedures and implementation are updated and reviewed regularly.
- Ensure the safeguarding and child protection policy is available publicly and that parents are aware that advice regarding early help and child protection concerns could be sought from the Consultation Hub and that Child Protection Contact form. Referrals about suspected abuse or neglect may be made. Ensure parents are aware of the school statutory role regarding safeguarding of children.
- Link with Hertfordshire Safeguarding Children's Partnership (HSCP) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school leadership staff.
- Ensure that when children leave the school or college, they ensure the file for safeguarding and any child protection information is sent to any new school/college as soon as possible but transferred securely and separately from the main student file. The file should not be sent until the child is physically attending the new school.
- Obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child unless the case is currently open and in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information)
- Consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

4. THE MANAGEMENT OF SAFEGUARDING

The Governing Body must ensure that it complies with its duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are always effective and comply with the law.

The responsibilities placed on the Governing Body include

- Their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified ensuring that an effective child protection policy is in place, together with a staff behaviour policy (Code of Conduct)
- Ensuring staff are provided with part one of Keeping Children Safe in Education (DfE 2019) and Annex A (see Appendix 1) and are aware of specific safeguarding issues
- Ensuring that staff induction is in place with regards to child protection and safeguarding
- Appointing an appropriate senior member of staff to act as the Designated Safeguarding Lead
- Ensuring that all the Designated Safeguarding Leads (including deputies) should undergo formal Child Protection training every two years (in line with KCSIE and HSCP procedures) and receive regular (at least annual) safeguarding updates and refreshers (for example via e-bulletins, meeting other Designated Safeguarding Leads, or taking time to read and digest safeguarding developments)
- Prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- Ensuring that students are taught about safeguarding, including online safety. The school will consider this as part of providing a broad and balanced curriculum.
- Ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support the governing body is provided in Annex C of Keeping Children Safe in Education (DfE 2020)
- Having a Senior Leadership Team member to take leadership responsibility for the organisation's safeguarding arrangements
- Ensure there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children's welfare e.g.
 - Child protection policy in place
 - Staff behaviour policy (sometimes called employee code of conduct)
 - Part one
 - Annex A

- Annex B KCSIE (DfE, 2021) on specific safeguarding issues
 - Information regarding the role and identity of the designated safeguarding lead (and any deputies), **should be provided to all staff on induction**
- Governing bodies should have a designated governor lead to take **leadership** responsibility for the schools safeguarding arrangements.

The nominated governor for child protection is:

Jayne Abery

Chair of Governors

Paul Connolly

Vice Chair of governors

Ann Orpin

The Headteacher must ensure that the above policies and procedures, adopted by the governing body, and particularly concerning referrals of cases of suspected abuse and neglect, are followed by all staff.

Ensure that the school contributes to multi-agency working in line with statutory guidance **Working Together to Safeguard Children (DfE,2018).**

New safeguarding partners and child death review partner arrangements are in place

Should understand the local criteria for action and the local protocol for assessment and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the three safeguarding partners

Simon Balle School will work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans.

Ensuring arrangements are in place that set out clearly the principles for sharing information within the school and with the three safeguarding partners, other organisations, agencies and practitioners as required.

Ensure child protection files are transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained

Ensure that all staff undergo child protection training (including online safety) at induction. The training should be regularly updated. Induction and training should be in line with advice from the local three safeguarding partners (HSCP) 3 years.

All staff should receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, and at least annually

Opportunity should therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.

Ensure that children are taught about safeguarding, including online safety. Schools should consider this as part of providing a broad and balanced curriculum. Education (for all primary students) and Relationships and Sex Education (for all secondary students) and Health Education (for all students in state-funded schools) Mandatory since September 2020.

Governing bodies should prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring volunteers are appropriately supervised.

Ensure that school written recruitment and selection policies and procedures are in place and at least one of the persons who conducts an interview has completed safer recruitment training

Should ensure there are procedures in place (as described in part 4 of KCSiE) to manage concerns and allegations against staff including volunteers and supply staff

There must be procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned. (refer to *Type of DBS checks* in KCSiE (DfE 2021) pg. 57

All staff should be clear about their school's policy and procedures with regard to peer on peer abuse

Where there is a safeguarding concern, ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide. Systems should be in place for children to express their views and give feedback. Ultimately, all systems and processes should operate with the best interests of the child at heart

Ensuring that all of the DSLs, including deputies, should undergo formal child protection training every two years, in line with KCSiE and HSCP procedures, and receive regular, at least annual, safeguarding updates via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments, for example

Prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns

Ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing bodies is provided in Part 2 of KCSiE (DfE 2021).

5. WHEN TO BE CONCERNED

Knowing what to look for is vital for the early identification of abuse and neglect. All staff should be aware of the Indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse	
A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.	
Indicators in a child/ young person	
Bruises – shape, grouping, site, repeat or multiple	Withdrawal from physical contact
Bite-marks – site and size Burns and Scalds – shape, definition, size, depth, scars	Aggression towards others, emotional and behaviour problems
Improbable, conflicting explanations for injuries or unexplained injuries	Frequently absent from school
Untreated injuries	Admission of punishment which appears excessive
Injuries on parts of body where accidental injury is unlikely	Fractures
Repeated or multiple injuries	Fabricated or induced illness

Emotional abuse
<p>The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a</p>

child, although it may occur alone.	
Indicators in a child/ young person	
Self-harm	Over-reaction to mistakes / Inappropriate emotional responses
Chronic running away	Abnormal or indiscriminate attachment
Drug/solvent abuse	Low self-esteem
Compulsive stealing	Extremes of passivity or aggression
Makes a disclosure	Social isolation – withdrawn, a ‘loner’ Frozen watchfulness particularly pre school
Developmental delay	Depression
Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)	Desperate attention-seeking behaviour

Neglect	
The persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.	
Indicators in a child/ young person	
Failure to thrive - underweight, small stature	Low self-esteem
Dirty and unkempt condition	Inadequate social skills and poor socialisation
Inadequately clothed	Frequent lateness or non-attendance at school
Dry sparse hair	Abnormal voracious appetite at school or nursery
Untreated medical problems	Self-harming behaviour
Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold	Constant tiredness
Swollen limbs with sores that are slow to heal, usually associated with cold injury	Disturbed peer relationships

Sexual abuse
Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual

activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as peer on peer abuse) in education and all staff should be aware of it and of their school or colleges policy and procedures for dealing with it.	
Indicators in a child/ young person	
Self-harm - eating disorders, self-mutilation and suicide attempts	Poor self-image, self-harm, self-hatred
Running away from home	Inappropriate sexualised conduct
Reluctant to undress for PE	Withdrawal, isolation or excessive worrying
Pregnancy	Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
Inexplicable changes in behaviour, such as becoming aggressive or withdrawn	Poor attention / concentration (world of their own)
Pain, bleeding, bruising or itching in genital and /or anal area	Sudden changes in schoolwork habits, become truant
Sexually exploited or indiscriminate choice of sexual partners	

If staff have any concerns about a child's welfare, they should act on them immediately. If staff have a concern, they should follow this policy and speak to the DSL/DDSL. The DSL/DDSL are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to a safeguarding concern.

Any staff member should be able to make a Child Protection Contact Referral to Children's Services if necessary.

All staff should be aware of the process for making Child Protection Contact Referrals to Children's Services for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm - from abuse or neglect) that may follow a Contact Referral, along with the role they might be expected to play in such assessments.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

Options will then include:

- Managing any support for the child internally via the school's own pastoral support processes
- Completing a Families First Assessment or making a request for early help support
- A Child Protection Contact Referral for statutory services, for example as the child might be in need of services, or suffering / likely to suffer significant harm from

abuse or neglect.

Extra Familial Harm (formerly contextual Safeguarding)

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, but especially the DSLs and their Deputies should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

A child centred and coordinated approach to safeguarding

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, each professional should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

Children who may require early help (known as Families First in Hertfordshire)

Families First is Hertfordshire's strategy for early help for families. A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst which will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the DSL any ongoing/escalation of concerns so that consideration can be given to a Child Protection Contact Referral to Children's Services if the child's situation doesn't appear to be improving.

If early help is appropriate, the DSL or a Deputies will generally lead on liaising with other agencies and setting up a Families First Assessment as appropriate.

Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:

- has special educational needs (whether or not they have a statutory Education, Health and Care Plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;
- is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is at risk of being radicalised or exploited;
- has a family member in prison, or is affected by parental offending;

- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;
- has returned home to their family from care;
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child; and
- is persistently absent from education, including persistent absences for part of the school day.

School members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect** as well as being aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

Children with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children. This can include:

- ❖ Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration
- ❖ Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs
- ❖ Communication barriers and difficulties
- ❖ Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- ❖ Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased
- ❖ A disabled child's understanding of abuse
- ❖ Lack of choice/ participation
- ❖ Isolation

Peer on peer abuse (child on child)

All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to:

- Bullying (including cyberbullying)
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- Sexual violence, such as rape, assault by penetration and sexual assault
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse

- Up-skirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Sexting (also known as sharing nudes or semi-nudes)
- Initiation/hazing type violence and rituals

All staff should be aware that abuse is abuse and that peer on peer abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

Furthermore, they should *recognise the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys' perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously.*

In order to minimise the risk of peer on peer abuse the school:

- Provides a developmentally appropriate PSHE and RSE curriculum which develops students' understanding of acceptable behaviour and keeping themselves safe.
- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued.
- Ensure victims, perpetrators and any other child affected by peer on peer abuse will be supported
- Develops robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).
- Have relevant policies in place (e.g. behaviour policy).

Where there is an allegation or concern that a child has abused others, Section 4.4 of the Hertfordshire Safeguarding Children Partnership Procedures Manual, 'Children Who Abuse Others':

http://hertsscb.proceduresonline.com/chapters/p_chil_abuse.html

Staff should also refer to Part five of KCSiE (DfE 2021) – '**Child on child sexual violence and sexual harassment**':

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime.

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts/new possessions

Staff will also refer to **Schools Toolkit** the characteristics of young peoples' vulnerability to CSE and CCE on the HGFL; [https://thegrid.org.uk/safeguarding-and-child-](https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation)

[protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation](https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation)

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online. More information including definitions and indicators are included in Annex B KCSiE DfE 2021.

Mental Health

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriate trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by following the procedures in this policy and speaking to the schools DSL.

Prevent: Safeguarding Children and Young People from Radicalisation

Children can be vulnerable to extreme ideologies and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from radicalisation must be part of all school and college safeguarding approaches.

All schools are subject to the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions to have “due regard to the need to prevent people from being drawn into terrorism.” Pg 133 KCSiE (DfE 2021).

There are signs and vulnerability factors that may indicate a child is susceptible to radicalisation or is in the process of being radicalised. It is possible to protect vulnerable people from extremist thinking and intervene to safeguard those at risk of radicalisation. Staff must be alert to changes in children’s behaviour, which could indicate that they may be in need of Prevent support. They must act proportionately to the concern using the Prevent ‘notice, check, share’ approach, which may lead to the DSL making a Prevent referral.

Local Hertfordshire County Council guidance on Prevent is featured at 6.25 of the Hertfordshire Safeguarding Children’s Partnership CP procedures

https://hertsscb.proceduresonline.com/chapters/p_prevent_guide.html

Which outlines the specific duties in Hertfordshire. This guidance also features advice on making a Prevent referral. (please note at the time of writing this policy 6.25 of the HSCP CP procedures is under review)

Domestic Abuse

Domestic abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass but is not limited to psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. See Appendix 4 for information regarding Operation Encompass.

Online Safety

The Governing Board ensures the school has a holistic approach to online safety, including a clear policy on the use of mobile technology. As schools and colleges increasingly work online, the Governing Body ensures appropriate filtering and monitoring systems are in place to protect children and young people from potentially harmful and inappropriate online material. Our school uses guidance provided by the UK Council for Internet Safety to help us develop online safety policies. Parents may like to access this useful resource. <https://www.gov.uk/government/groups/uk-council-for-child-internet-safety-ukccis>

Female Genital Mutilation FGM

FGM is a form of honour-based abuse. FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse. Staff, volunteers and governors must be made aware that there is a statutory duty upon teachers to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18 or is at risk of being carried out. Staff will not be examining children for signs of FGM. When staff are made aware through disclosure or seeing something they suspect may be due to FMG, they will follow the Home Office Mandatory Reporting procedures.

Child Criminal Exploitation Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. This can still be exploitation even if the activity appears consensual. County lines is a major, cross-cutting issue involving:

- drugs
- violence
- sexual violence
- gangs
- safeguarding
- criminal and sexual exploitation
- modern slavery

- missing persons

There may be criminal exploitation of children which is centred within illegal/offending behaviour more locally. The aspect of coercion force and safeguarding issues are consistent.

- It can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence.
- It can be perpetrated by individuals or groups, males or females, and young people or adults.
- It is typified by some form of power imbalance in favour of those perpetrating the exploitation.
- Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.
- Children being coerced to carry drugs/involvement in County Lines should be considered victims. There does need to be safeguarding referrals on those felt to be involved/at risk. These have been determined as examples under Modern Days Slavery/trafficking legislation.

Home Office guidance, Criminal exploitation of children and vulnerable adults: county lines <https://www.gov.uk/government/publications/criminal-exploitation-of-children-andvulnerable-adults-county-lines> Our staff are informed about criminal exploitation and will be aware of this when considering behavioural changes and school absences. (Schools may want to add more or less depending on context).

Children missing from education in accordance with setting attendance policy

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of underachieving, being victims of harm, child sexual exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Department for Education guidance makes it clear that in carrying out this duty, local authorities must have in place arrangements for joint working and information sharing with other local authorities and partner agencies. It also states that all agencies which come into contact with children must cooperate with the local authority's arrangements for identifying children thought to be missing from education.

Separate guidance is available for schools on Herts Grid for Learning, about the legitimate removal of pupils from a school roll. A child legitimately removed from roll is not in most cases missing from education and all schools, including academies and independent schools are legally required to notify the local authority when they remove/plan to remove a child from their roll.

6. DEALING WITH A DISCLOSURE

If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify what is being said.
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the DSL without delay (if a DSL or Deputy is not available, staff must inform a senior member of staff or complete a child protection contact referral if this disclosure indicates that the child may be at risk of immediate harm and/or have been suffered significant harm to ensure reporting to Police and/or Children's Services where necessary is not delayed)

Third Party Disclosures

It is everyone's responsibility to report concerns related to children and make referrals to Children Services and the Police if suspected that a child has been abused or is at risk of abuse.

Therefore, when safeguarding concerns are shared to the DSL in a school by a parent or member of the public, it is important to note that there is equal responsibility by the complainant to report the matter also directly rather than assume the responsibility is that of the school. If unsure of how to do this speak to the DSL / head teacher and they will advise accordingly.

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the DSL.

If a school /college staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.*

7. RECORD KEEPING

All practitioners should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information, which is sensitive and personal, and should be treated as 'special category personal data'.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the DSL.

- Record as soon as possible after the conversation. Use the school's Child Protection system (CPOMS) which is electronic
- Ensure the date, time, place is recorded, and any noticeable non-verbal behaviour and the words used by the child.
- Use the body map on the schools recording system to indicate the position of any injuries and a clear description of the injury.
- Record statements and observations rather than interpretations or assumptions.
- Do not destroy the original records in case they are needed by a court.
- All records need to be given to the DSL promptly. No copies should be retained by the member of staff or volunteer.

The DSL will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

Safeguarding records, The Herts Grid

<https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/safeguarding-records>

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: KCSiE (DfE 2021) pg.23

If any member of staff is concerned about a child, he or she must inform the DSL. The DSL will decide whether the concerns should be raised to Children's Services and if deemed to have met the threshold a Child Protection Contact Referral will be completed. If a Child Protection Contact Referral to Children's Services is made the DSL will discuss the referral with the parents, unless to do so would place the child at further risk of harm.

While it is the DSL's role to make Child Protection Contact Referrals, any staff member can make a Child Protection Contact Referral to Children's Services if a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM, Forced Marriage etc). In these circumstances a Child Protection Contact Referral should be made to Children's Services and/or the Police immediately. Where Child Protection Contact Referrals are made by another member of staff, the DSL should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England) , in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police via 101. **This is a mandatory reporting duty.** KCSiE (DfE 2021) pg. 131-132:

If the allegations raised are against other children, the school should follow section 4.4 of the Hertfordshire Safeguarding Children Partnership Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise and a factual account of any verbal disclosures and observations (record of concern pro-forma is available on the Hertfordshire Grid for Learning).

Particular attention should be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a Child Protection Plan and a written record will be kept.

If a student who is/or has been the subject of a child protection plan changes school, the DSL will inform the social worker responsible for the case and transfer the appropriate records to the DSL at the receiving school, in a secure manner, and separate from the child's academic file.

The DSL is responsible for making the senior leadership team aware of trends in behaviour that may affect student welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS

Simon Balle All-through School will ensure the Child Protection Policy is available publicly on the school website

Parents should be informed prior to a Child Protection Contact Referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed.
- Leading to an unreasonable delay.
- Leading to the risk of loss of evidential material. Simon Balle all-through School may also consider not informing parent(s) where this would place a member of staff at risk).

The school will endeavour to ensure that parents understand the responsibilities placed on the school staff for safeguarding children.

Where reasonably possible schools and colleges should hold more than one emergency contact number for each student. KCSiE (DfE 2021) pg. 26.

Further guidance around information sharing can be located within; **Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers** (DfE, 2018);

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

11. ALLEGATIONS OF ABUSE MADE AGAINST ADULTS WHO WORK WITH CHILDREN AND YOUNG PEOPLE

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has harmed a child or may have harmed a child.
- Possibly committed a criminal offence against or related to a child.
- Behaved towards a child or children in a way which indicates he or she would pose a risk of harm to children or
- Behaved or may have behaved in a way that indicated they may not be suitable to work with children.

This relates to members of staff, supply staff and volunteers who are currently working in any school regardless of whether the school is where the alleged abuse took place. Allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.

What staff should do if they have concerns about another member of staff who may pose a risk of harm to children:

- If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff and volunteers) posing a risk of harm to children, this is to be referred to the headteacher
- Where the headteacher is the subject of an allegation, the member of staff must inform the Chair of Governors. They will then discuss the allegation immediately with the Local Authority Designated Officer(s) LADO.

Staff may consider discussing any concerns with the designated senior lead (DSL) for safeguarding and if appropriate make any referral via them.

The Chair of Governors in this school is:

NAME:

Paul Connolly

CONTACT NUMBER:

01992410400

In the absence of the Chair of Governors, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME:

Ann Orpin

CONTACT NUMBER:

01992410400

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer (LADO Threshold Guidance may be used to inform this decision – found at

https://hertsscb.proceduresonline.com/chapters/p_manage_alleg.html

Children's Services – 0300 123 4043

SOOHS (Out of Hours Service-Children's Services) – 0300 123 4043

If the allegation meets any of the four criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation requires a child protection strategy meeting or joint evaluation meeting, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Partnership Procedures Manual.

If it is decided it does not require a child protection strategy meeting or joint evaluation meeting, the LADO will provide the employer with advice and support on how the allegations should be managed.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

What school or college staff should do if they have concerns about safeguarding practices within the school or college?

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements.
- Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college's senior leadership team.

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/school code of conduct/staff behaviour policy and Safer Recruitment Consortium document ***Guidance for safer working practice for those working with children and young people in education settings (May 2019) and also Addendum April 2020*** available at <https://www.saferrecruitmentconsortium.org/>

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school/college's behaviour management policy for more information.

APPENDIX 1: KCSiE (DfE 2021)

Part One OR Annex A: Information for all school and college staff

Annex B: Further information

On publication of this Child Protection Policy, September 2021, the CPSLO Service has decided to provide the hyperlink only to KCSiE rather than the document in its entirety, due to the potential for updates to the content.

All staff that have direct working with children should have access and have read Part one OR Annex A and Annex B (which provides further information specific forms of abuse and safeguarding issues) of this statutory guidance. Those staff who do not work directly with children should read **either Part one or Annex A** (a condensed version of Part one) of this guidance. This is entirely a matter for the school or college and will be based on their assessment of which guidance will be most effective for their staff to safeguard and promote the welfare of children. All Staff should also have the opportunity to seek clarity from designated staff for any content.

This is to assist staff to understand their role and discharge their responsibilities as set out in this guidance.

We highly recommend that staff are asked to sign to say they have read these sections (please see Appendix 2 below) and should subsequently be re-directed to these documents again should any changes occur.
