This is a post-results review of the original marking to ensure that the mark scheme has been applied correctly. This service will include a 'clerical re-check'.

A marking error can occur because of:

- An administrative error;
- A failure to apply the mark scheme where a task has only a 'right' or a 'wrong' answer;
- An unreasonable exercise of academic judgement

Please Remember

- The decision to apply for post results services should not be done lightly; you must be aware that if you request a review of marking your results can move up **or down**; we cannot predict or presume a likely outcome and once this has been done there are very limited options for recourse.
- For A Level reviews it is the responsibility of the student to inform the University or College that a review of results has been requested. The school or the awarding body **will not** inform UCAS or others of this.
- All post results services must be requested via the exams office and cannot be requested by the student. Please send the completed paperwork to exams@simonballe.herts.sch.uk and ensure that the payment for the service you are requesting has been made as no requests will be processed until payment has been received.
- Fees are charged on an individual exam basis, e.g. If you sat 2 papers for a subject, you will be charged for each paper for which you request a post results service.
- Always check the grade boundaries before you request any post results services and we strongly recommend that you talk to a member of subject staff, before you make your application.
- The exam board will only refund the fee if the overall grade is changed.
- **Please note that for 'Reviews of Marking' reviewers will not re-mark the script.** They will only act to correct any errors identified in the original marking.
